

WITCHCRAFT..CHARISMATIC WITCHES

Witchcraft covers a vast area. It is best described as: **“control, domination or manipulation by any means other than the Holy Spirit”**.

If you reject righteous authority (by not submitting to Adonai's laws), you will submit to unrighteous authority. Disobedience of what Dad said to do, is spiritual rebellion (1Sam. 15:23). If you will not submit to Adonai, you will submit to the devil (James 4:7). You are on one side or the other, you cannot walk both sides of the fence. **The influence of “witchcraft” in our world today makes it by far public enemy #1.** Through witchcraft, in its many categories, demons gain easy access to all people. The Bible says we are to stay away from any form of supernatural power or knowledge other than that given by

the Holy Spirit. Witchcraft comes in many forms, including astrology, psychology, physic readings, horoscopes, palm reading, hypnotism, channeling, new age religion, eastern religions and on, and on, and on. These types of witchcraft influences are commonly known, but the biggest deceivers of all, actual witches, are prevalent and active. For more information on witches and warlocks read the section on Satanism in my book called “Spiritual Warfare”.

There are two kinds of witches in today's society that are fooling and manipulating people. The ones who are witches and know it, and those who don't realize they are. The ones that know what they are, are dangerous, but the ones that don't realize they are, are even more dangerous, because they supposedly play for the Christian team. They are supposedly following the precious word of our Bible.

SEVEN STEPS OF SATANISM

The Believers of today should be aware of the witchcraft that has infiltrated their churches. They should recognize the signs among their congregation before it's too late. The following things should be watched for among “the called out ones” making up the body of Messiah.

Eight steps satanic groups/false prophets use to infiltrate churches:

1. When was the last time you heard ANY teacher, preacher, clergy, prophet, or healer, state CLEARLY what god they serve? Do they ever say they serve, Yahveh, YHVH of Abraham, Isaac and Jacob? They declare openly their faith in a god, but like the church members themselves, **never actually say what god they proclaim to follow.** WHY NOT!!? Could it be because they aren't serving Yahveh? Figure it out for yourself. The charismatic, mostly Pentecostal churches, are openly gullible to this altar call kind of profession to a god never specified.
2. Witches build their credibility in christian churches with monetary contributions. The church is very vulnerable to this because they will always take money without questions. By giving money they automatically become respected leaders and teachers. The fact is you will rarely find poor people on the churches board of directors.
3. Satanists main goal is to kill the power of family group prayer in the church. They destroy the prayer base of the church by getting the families and people to be separate so

there is no power block of prayer. They develop separate programs for women, men and children to keep the parents separated from their children as much as possible. They promote men's breakfasts (Promise Keepers type), women's prayer groups, children's groups, teen-age (youth) groups, 50 plus groups, senior groups, etc. to separate the family members and keep them from praying in power blocks of family units. The power of a man and wife praying in unity (echad), is nuclear.

4. They spread untrue rumors in the church to cause dissension among the members.
5. They usually take on teaching positions within the church. SUNday school teachers are commonly Satanists because few people want to teach the children. They then set the children up with strange beliefs that they eventually use to lead them into an occult group.
6. They stop all accurate teaching about Satan. They commonly promote the following type teaching: They say teaching about Satan gives him glory, takes peoples minds off of god and tempts people to turn to Satan, etc.
7. They directly attack members in the physical, emotional and spiritual realm so they become sickly and in-effective, through astral-projection.
8. They put legal curses on the church building and property. In many cases you will find bones buried on the property, dedicating it to Satan.

People should know that with one simple incantation from a witch, demons can be assigned to every member of the church. The purpose being that the demon will prevent them from hearing any bad thoughts about Satan from teachers or leaders. Though not demonized, the people hear voices telling them that Satan is not to be feared or learned about.

The fact that most churches around us today are dead and in-effective is proof that the Satanists and false prophets (both on the same team) are doing a very good job.

The seven deadly sins of the Christian church are: pride, greed, envy, anger, gluttony, lust, and sloth (passivity). Satanism advocates indulging in each of these "sins" as they all lead to physical, mental, or emotional gratification.

CHARISMATIC WITCHES

"Charismatic witches" are those people who don't realize that they are delving into the forces of the adversary. They think that they are being constantly lead by the Holy Spirit. They are involved in everything

imaginable at the church. They always seem to volunteer their time so they can maintain control. She is the lady that never misses a SUNday service. They think that they truly are special Christians with special authority and power given to them by God. They see visions and have vivid dreams regularly, and believe these things are from God, without ever testing them. They get what you might call "insider information" from familiar demon spirits, and think they are being helped by angels. They

usually use this force to manipulate or dominate those around them, without realizing what the source of their power is. These charismatic witches usually think they are baptized in the Holy Spirit, and believe their demonic tongues are Godly. Because there simply is no testing of the spirits (1John 4:1-3) in the charismatic churches of today, they don't know that their tongues and baptism are false and demonic, compliments of the false prophet and anti-Messiah spirits that abound in the uncontrolled charismatic churches.

These witches usually have serious control over their husband and children, and many others in the church organization. They are the ones behind the scenes manipulating the leaders and elders to do as they so desire. The husbands in these

homes are often very successful in business and everything outside the home, but under domination in the home. The pressures of witchcraft in the home prevent husbands from having their proper authority in the home. The man is to be the spiritual authority in the home, and when he doesn't fulfill this position, it creates problems. These problems frequently manifest as rebellion in the children, and can cause troublesome divisions in the family unit, often resulting in the unnecessary break-up of the family.

Witches can be either male and female. The spirit of witchcraft is not gender conscious. This spirit of domination can happen to males also, but it's definitely more prominent in women.

These witches seem to constantly get personal prophetic words for their friends and congregational members. They are looked upon in the church as very holy women and prayer warriors. Many of them develop a following of their own. Some of them wander off quietly into what seems to be innocent ventures of palm reading, iridology, magnetic healing, yin and yang, chi, etc., type demonic manifestations with Christian labels. They often have private so-called bible studies in their homes, that are anything but.

Many inexperienced or dogmatic Believers think that a person's mediumistic powers automatically disappear when he or she becomes a Believer. It is estimated by experienced councillors that as many as 50% of these occult gifts survive after conversion. If one discovers that he is in possession of mediumistic powers, he is duty bound to ask Yah to remove them and to replace them with the gifts of the Holy Spirit. Some theologians maintain that mediumistic powers can be cleansed and later used in the service of Yahveh. This notion, of course is inaccurate and must be strongly opposed. There is a fundamental difference between mediumistic gifts and charismatic gifts. Real spiritual gifts are received after conversion; natural or mediumistic gifts are either inherited or acquired through dabbling in sorcery.

Gifts of the Holy Spirit can never be inherited. In many of today's so-called Christian circles, there are many who have and use mediumistic gifts, and use them as gifts of the Holy Spirit. Many of their followers are in this way being lead into serious error. They are being lead by the spirit of error, extremism, familiar spirits, and fanaticism. Thousands of these people are falling into this dangerous trap.

What used to be called witchcraft is now disguised under the auspices (label) of psychic research, ESP, mental telepathy, psychometry, black arts, mind control, etc..

The reason there are so many charismatic witches today is simply because of Biblical rebellion. These people simply don't and won't follow the laws/instructions of Adonai that He commanded us to follow. Refusing to follow the laws of Yahveh is spiritual rebellion. Spiritual rebellion is as the sin of witchcraft. **1Sam. 15:23** *"For rebellion is as the sin of divination, And insubordination is as iniquity and idolatry. Because you have rejected the word of Adonai, He has also rejected you from {being} king."* As it states in James 4:7, we are first to submit to Adonai, and then the devil will flee. Unless we submit and follow Yah's instructions, we are not protected from Satan. **James 4:7** says **"submit to Yahveh"**. That means follow the commandments, and then you can resist the devil!
