

THE FORCE

The “**force**” that was used at the time of Pharaoh to bring forth snakes from staffs of sorcerers opposing Aaron, is the same force in effect today. The force that caused the 68 million people of the Inquisitions to die is still with us today.

The force behind the Roman Catholic church that caused them to bring Adolph Hitler into power is still alive and well.

The force that caused the Jesuit priest, Jim Jones, to convince his followers to commit suicide is here with us in this new age.

The force that is behind almost every television program on secular TV is still going strong.

The force that is behind many of the well known Evangelical healers of our modern age is still doing well.

The force that has made our so-called Christian churches worship pagan festivals, follow pagan customs, and promote man-made doctrinal rules and dogma, rears its head on a regular basis disguising itself as Biblical. This force referred to in the biggest selling movie of all times, “Star Wars”, has taken over almost all of society. If it were not for the few elect that have not been deceived and are using their spiritual authority and power to counter Satan's activities, our entire planet would have been destroyed by now. This is the evil that our spiritual man must contend with, as we try to save the souls and spirits of our lost families, friends and relatives. It is We true Believers, the “people of the way,” as Yeshua called them, that are going to prevail over the gates of Hell. It is We who will continue to do the work that is supposed to be shared by all real Believers. We are the ones; the “little flock” that Yeshua is talking too, and we recognize the voice of our shepherd. Our shepherd is directing us and giving us the ways and means of combating evil wherever we go, and we will continue to do so, with, or without the help of many of our Christian leaders until Yeshua comes back.

This force is getting stronger everyday, as more and more people fall away into the hands of Satan. This force is expected to control our secular society, but what is really frightening, is the fact that this force is drawing mature and immature Christian believers into the hopeless sewer of hell. The devil is behind all of this new “**greasy grace**” and “**positive thinking only**”, most Churches talk about today, and people don't even recognize him. Look closely and you will see the slime of the serpent all around us. Beware, stay under the blood like the Jews did at Pass-over, and read the word. Follow closely the **Ten Commandments** as instructed, and be “doers” of the word, for the sake of your own eternal spirit and soul.

DON'T LET “THE FORCE BE WITH YOU”!
