

Exod. 22:21 IMMIGRANTS..STRANGERS

To understand what the torah says about immigration, we must delve into what Moses spoke to the people.

Exod. 22:21 *“You shall not wrong a stranger or oppress him, for you were strangers in the land of Egypt.”* In Exodus we see Moses talking about a one on one personal level. We are to treat everyone equal, like a neighbor, on a personal level. Everyone has personal prejudices, personal behaviors, etc. that can and may affect those around them. The torah just makes it clear that those personal things should never overtake the fundamentals of biblical based living. The torah was not setting down a concept for immigration laws. The Israelites were once strangers in another land, and Moses was simply reminding them of how they were treated and how all strangers should be treated. When it comes to multiple people immigrating into your country, one must look at the big picture, not the simple one on one relationships.

A biblical example that backs up what I am saying can be seen when the children of Israel were forbidden to take wives from outside their community. Why was this? The reason being that when you bring a foreigner into your clan you also bring their customs and traditions which do not mix with those being followed by Yah's people. Those things can mix in and cause serious problems in an otherwise great nation.

Muslim Immigration

Our nation, Canada, is well known as a multi-cultural nation, even though this idea is slowly deteriorating. In Canada for example, our nation was founded on people (immigrants) who came from other nations, but these people established this country on a biblical basis, using the bible as the fundamental guide for everything in life. They created a new world with a new definition so to speak. The nation was established on biblical principals, common sense, moral, and biblical laws to be used as a general guide. The belief in the God of the bible, the God of Abraham, Isaac, and Jacob was recognized as foundational. They did it because they had faith in the God of the bible, and wanted their nation to portray their faith as written. Canada has been blessed because of this very idea, bringing in other ideas takes away those blessings and in fact curses us as a whole when we allow them to pursue their pagan traditions, customs, and principals. Although things have deteriorated over the years, the nation was and is still founded on those values.

The simple fact is that a great deal of Muslims hate the Jewish people and are bound to destroy them in any way they can. In Canada most of us love our Jewish brothers and sisters and support them in any way we can. Why would we want these people who hate the Jews, in our land? Why would we allow Satan's representatives into our land to do their demonic deeds?

In Canada, generally speaking, we support our Jewish allies in Israel. For someone to admit outwardly that they hate and want to destroy the Jewish people is racism to the max. Our bible tells us that we are to love everyone. We can hate the things people may do but we must love them as ourselves. How can we hate their destructive ways and yet allow them in the camp.

Common sense, be it every so rare, reveals that you do not let an enemy in the gate or you will suffer the consequences for doing so. That is the exact purpose of having

restrictions for immigrants, to keep out those who's agenda is to cause chaos.

Canada as a whole is well known throughout the world as always helping people. We have to prove nothing to anyone about our moral values and love and respect for all humankind. The fact is, we should not be allowing enemies to come into our camp. There is no reason for that and the bible does not support that.

The torah talks about those who sojourn with you, it's not talking about people who hate you and want to destroy, change, or overtake our society. In this case the people are not strangers, they are at odds with us, they are contentious with us, there to cause problems in our society. We should show them the door and chase them out, not open it and allow them to spread their cancer in our nation.

Most Muslims are not coming to Canada to assimilate. If they truly wanted to assimilate the women would remove their Niqab and Burka head coverings the moment they stepped on Canadian soil. If they truly wanted to assimilate the men would shave their religious beards and attempt to fit in with regular people. They are not like all the immigrants over the last several hundred years, they are coming to separate themselves from us and to build conflicts from within. They are in the process of building Muslim communities within the existing multi-cultural communities that exist already. The families are having many children so they can eventually repopulate the country and over-throw the Canadian citizens. They are not coming to follow the ways of our culture that have blessed us so well over the years.

Islam is divided into two very separate camps; the shiites and the sunni. The fact that they can't even agree with each other makes it clear how much they agree with others who are not Muslim.

The religion of Islam is now the largest religion in the world (as of 2016), at about 19% of the population. Until recently Roman Catholics were the largest, at about 17%. We know that it is only perhaps from 10-20% of Muslims that are radical in regards to terrorism today, but the fact that the remaining 80-90% of the peaceful Muslims are doing

nothing to help deal with the radicals, is a serious problem. These pro-claimed peaceful Muslims, by not helping in every way to put an end to the radical Muslims, are not helping to get rid of them. A Muslim who sees the terrorism going on and does nothing about it, is in accomplice with what is taking place”.

The goal of the Muslims has been to infiltrate all nations of the world and destroy them from the inside. To populate the nations with more and more Muslim children so that eventually they have the numbers to take control of the various countries they have supposedly assimilated into. Muslims live together in specific areas in most cities so they can support each other and buy out everything around them. They slowly take over areas and turn them into little communities within the community. Many of these people are not immigrating to other countries to become citizens of those countries, they are going there to plant their demonic seed so they can grow like a cancer in the civilized world. Their intention is not to get along and enjoy the various freedoms of those host nations, but to infiltrate and destroy them.

To confirm this fact all one has to do is look at the chaos that has taken place in Europe. There are many areas in Europe now that are completely under control by the Muslims of that community. Regular citizens cannot even enter certain areas because of the lockdown the muslims have on their neighborhoods. Normal citizens are not even allowed to enter some of their neighborhoods without paying the gangs there for entry. Sharia law has now become legal in many areas in Europe. Obviously the muslims are telling the people of these countries what to do. They have taken control of entire zones and communities of people. That control is growing rapidly.

We know for a fact that Muslims have for hundreds of years hated and despised the western nations because of our biblical principles. The Muslims have been at war with,

and are still at war with western civilizations. They are known enemies of our nations. We know that Islam, though they call it a religion of peace, has had endless problems since its Roman Catholic origin, and terrorism is undoubtedly associated with a high percentage of them. These are hard facts, this isn't racially motivated ostracizing. They have been trying to overtake every nation in the middle east with their demonic religious thinking, and all they have done is cause destruction and chaos among themselves and otherwise stable nations around them.

The objective of the Islamic people today, according to their doctrine and dogma, whether they outright admit it or not, is simple. Their objective is:

- 1) To destroy every Jew on planet earth.
- 2) To destroy and dissolve all democracy in the world.
- 3) To destroy all western civilization.
- 4) To defeat all religious groups; Christianity, Judaism, Buddhists. Hindu's, etc. throughout the world.
- 5) To eradicate any person on earth who does not bow down to their satanic god they call Allah.

Their demonic deity they call Allah, through their Roman Catholic supposed prophet Mohammed, teaches to destroy all your enemies. Our Holy One of Israel teaches us the exact opposite, to love our enemies. We may despise and hate their sins and pagan life-style, but we still love them and hope that they will turn from their demonic ways. We hope that they will turn to Yahveh and be set free from their bondage.

The following is a quote from their Q'oran which makes it clear what they think of the Jewish people and the world as a whole. **[2.191] And kill them wherever you find them, and drive them out from whence they drove you out, and persecution is severer than slaughter, and do not fight with them at the Sacred Mosque until they fight with you in it, but if they do fight you, then slay them; such is the recompense of the unbelievers.**

The best way to destroy an enemy is to infiltrate his gates. By allowing thousands of people who admittedly hate our culture and all we stand for, we are giving them an advantage we need not. Inviting them into our society is not for our good, it can only hinder the blessings we have all enjoyed over the centuries. It is in fact turning our back on the Holy One of Israel who has blessed us abundantly over the years for supporting our Israeli allies. The curses brought upon them for their demonic religion will corrupt our nation as a whole. One might compare it to malignant cancer that starts out small but soon destroys everything it comes in contact with in the body. Do we need to knowingly bring a malignant cancer inside the camp? What kind of a people would do that?

It's true there are many pagan religious groups: Sikh's, Hindu's, Buddhist's, Bahai, Rosicrucian's, Roman Catholic's, Confucianism, etc. that are slowly growing and causing problems throughout the nation, but that doesn't mean we should purposely allow more pagans into the country to cause more problems. We don't need to add to a problem already in existence.

The Muslims are not happy! (unknown author)

They're not happy in Gaza. They're not happy in Egypt.

They're not happy in Libya. They're not happy in Morocco. They're not happy in Iran.

They're not happy in Iraq. They're not happy in Yemen. They're not happy in Afghanistan. They're not happy in Pakistan. They're not happy in Syria. They're not happy in Lebanon. So, where are they happy?

They're happy in Australia. They're happy in England. They're happy in France. They're happy in Italy. They're happy in Germany. They're happy in Sweden. They're happy in Norway. They're happy in the USA. They're happy in Canada.

They're happy in every country that is not Muslim. And who do they blame? Not Islam. Not their leadership. Not themselves. **THEY BLAME THE COUNTRIES THEY ARE HAPPY IN! AND THEY WANT TO CHANGE THEM TO BE LIKE THE COUNTRY THEY CAME FROM WHERE THEY WERE SO UNHAPPY.**
