

**Luke 10:1** " *Now after this Yeshua appointed **seventy** others, and sent them two and two ahead of Him to every city and place where He Himself was going to come*".

Here we see another important number (70) that thematically connects things. Yeshua sent out 70 elders out in front of Him because He was connecting them with the 70 elders that were at Mt. Sinai 1200 years earlier, which represented one hundred years for each tribe in Israel. This is the period of time from the day the commandments were given on Shavuot, at Mt. Sinai and the Ruach was rejected by the people, till it was accepted as per Acts chapter two.
