

CREATION VERSES EVOLUTION, SCIENCE, HEBREW WORDS, THE ORIGIN OF (GOD)..MINDSETS..TIME..FIRE..SHIN PART 1 OF 2

In the following I will show how creation stands as the only explanation for how the universe and everything in it originated. I will show that creation does not disagree with empirical science. That the two coincide. I will show that evolution is nothing but a foolish theory brought into existence by Satan himself to disrupt the educational system and cause separation among the people of the nations. Regardless of whatever a so-called educated person explains to you, always keep in mind one very important simple FACT. **Yah created the universe. Whatever created the universe sustains the universe. It's that simple.**

The words of the torah are the building blocks of the universe, the VOICE of Yah. The torah is not a theological issue. The word of Yah created all things. That's a fact. Everything we say and everything we do affects everything else in the universe.

Words are important. Words mean things. Words are the building blocks of creation. Yah spoke the Word at the time of creation and it came into existence. Words can bless you or curse you. Words can deceive people or words can reveal the truth to people so they can be set free from the bondage of the world we live in. Words can destroy things or create things. Yah's words are the only words that can create. Words are very very powerful, that's why James says be careful what comes out of our mouth for it can bless or curse those who receive it.

Yah spoke the word and the universe was created just as it is explained in Genesis. Yah is in the business of restoring all things and the devil is in the business of corrupting all things.

The basic concept of blessings and curses rests upon the spoken word being a vessel to make the words come into being. That's why we are told in the end that we will give an account for every word spoken. **James 3:10** *“from the same mouth come [both] blessing and cursing. My brethren, these things ought not to be this way.”*

WHERE DID YAHVEH (GOD) COME FROM?

This question asked by so many atheists, is assuming a limited Yah, and that's the problem. The Holy One of Israel that I serve is not limited by time, space or matter. If Yah would fit in our brain, He would not be the Elohim I serve. He would not be worth worshipping.

The God of the bible (Yahveh), is not affected by time, space or matter. If He was, He would not be the King of Kings. Time, space and matter are what we call a continuum, all of them come into existence at the same time. If there were matter but no space, where would you put it? If there were matter and space but no time, when would you put it? You cannot have time, space or matter independently, they must come into existence simultaneously. In the beginning (time), Yah created the Heaven (space) and the

earth (matter). Time space and matter were created by Yah. Time is past, present and future. Space has length, width, and height. Matter has solid and liquid gas. These things were all created instantaneously by Yah, who has to be outside of them. If He was limited by time, He is not Yah. Yah is outside the Universe, He is not affected by it. The idea that a spiritual force cannot be affected by the human body is crazy. How do we explain: love, pride, envy, hatred, rationality, etc. If our brain is just a random collection of chemicals formed by chance over billions of years than how can we possibly trust our own reasoning processes, and the thoughts you think? He is in it, above it, not affected by it.

MINDSETS

In this modern era we have been Hellenized, trained to think like the Greeks of old. For the

most part, we have been taught to think in an abstract form, rather than a concrete form as the Hebrew people have throughout the ages. Greek thinking is linear, very static, stoic. Greek thinking is evolutionary type time line thinking. Hebrew thinking is creation thinking. Greek thinking is based upon the creation of mans law and Hebrew thinking is based upon Yah's law. We have been trained to think more philosophical, rather than concrete. In the western culture we speak a lot of words, but have little action to show for those words. The common phrase; "talk is cheap" is a perfect example of how most people in western culture think. We will spend many hours thinking how to do something, whereas a Hebrew person will simply go out and do it while he is thinking about it.

Biblical Hebrew is an action (verb) language, rather than an abstract

language. If you have ever read about the great philosophers of old, many of them would gather around and discuss and argue about something for hours, days, and even weeks, yet very little was ever actually done as a result of the discussion. The phrase; **“Experts made the Titanic, Amateurs made the ark”**, says it all. Hebrew is concrete in its thinking process. By concrete I mean words

spring forth from action, verbs, nouns come from verbs and so forth. The action is the most important thing. So what determines the base of what the noun means comes forth from their verbal roots. When you go back to the root words of all things Hebrew, it is concrete, things which you can sense with your five senses. Things you can touch, feel, sense, taste. The following is a good example. In this verse it is talking about what a man who is blessed is like. **Ps. 1:3 *They are like trees planted by streams they bear their fruit in season, their leaves never wither, everything they do succeeds.***

Greek is abstract thinking. That's where we get words like grace, belief, trust, faith and love from. If you take those words back into the original Hebrew, you will find concrete meanings for them not abstract. **John 14:15 *"If you love Me, you will keep my commandments."***

Western culture has us in thinking ruts. Those of us who have learned the truth refuse to follow the cultural paradigm. In our culture we are constantly forced to think as a liberal or a conservative, a democrat or a republican. That same concept applies in christianity, you are either under the law or not under the law. Our culture has us all in little boxes. When our boxes are full people refuse to listen to anything someone has to say. This is the Greek type form thinking instead of Hebrew type function thinking. Greek thinking has us waste time explaining what something looks like and Hebrew thinking tells us quickly what its function is. That's why when you read the Renewed Testament you will read about all the functions that Yeshua did, you will read almost nothing about what He or any other writers looked like. That's just more proof that the entire bible was written in Hebrew. That's the way Hebrew culture is. Our Hellenized culture forces us to act this way, that's why so many have to have a picture or an idol to be able to comprehend who or what the Messiah looked like. We have been trained in our western thinking to require a picture rather than consider the function of the thought or idea in question. Hebrew teaches us to do something whereas Greek (western) culture teaches us to see something, to intellectualize things. We are trained to look at things but do nothing. That makes us a noun oriented culture. We know a lot of things about Yahveh, but we are not taught to learn to have a personal relationship with Him.

Everything is designed for human life on earth. **Eph. 1:4-5 *In the Messiah He chose us in love before the creation of the universe to be holy and without defect in his presence. 5 He determined in advance that through Yeshua the Messiah we would be His sons — in keeping with His pleasure and purpose —***

When trying to understand about creation, evolution, and science in general, one must keep all these things in mind to grasp fully why we think the way we do and how it affects the outcome of our thoughts. With that being said, keep these things in mind when contemplating spirituality, science and evolution. Creationists simply believe that everything was made at the time of creation, exactly as explained in the Book of Genesis. The following scriptures give a good over-all view of the concept.

Ps. 8:4 *"When I look at your heavens, the work of your fingers, the moon and stars that you set in place"*

Ps. 8:7-9 *"you had him rule what your hands made, you put everything under his feet sheep and oxen, all of them, also the animals in the wilds, the birds in the air, the fish in the sea, whatever passes through the paths of the seas.*

Science and creation do not contradict each other in any way. Many theories in science do however cause problems with people. The scriptures explain to the wise exactly what science has verified for many years. The two are not apart from each other. The problem that occurs is when people try to get the theory of evolution mixed in with proven scientific facts. That's why there is so much misunderstanding in regards to science and creation. **It is when evolution is considered science that problems appear, and rightly so.**

TIME

The whole universe operates in cycles, yet the world has been taught time-line thinking through Darwinism (evolution). We have been taught that time and history are just one long straight line instead of cyclical. Then they chop up this time into little pieces and call it dispensationalism. You will hear many christians use this way of thinking when they say things like: "that was in the Old

Testament” or “now we are in a period of grace”. **Mal. 4:4-6 “Remember the law of Moses My servant, even the statutes and ordinances which I commanded him in Horeb for all Israel. 5 “Behold, I am going to send you Elijah the prophet before the coming of the great and terrible day of Adonai. 6 “And He will restore the hearts of the fathers to their children, and the hearts of the children to their fathers, lest I come and smite the land with a curse.”** The last recorded words of the prophet Malachi was a message from Yah telling us that He would do three things before the end comes.

- 1) He would help us remember the torah of Moses.
- 2) That He would send us the spirit of Elijah to remind us of how important the torah is for all.
- 3) He would restore the torah on the hearts of His remnant.

One of the biggest problems we have today in science is the fact that everything in regards to time and creation are based on what we call a standard of the speed of light, which has always been accepted as 186,000 miles per second. For example: Because of the law of physics it takes eight minutes for the light from the sun to get to earth. The fact is, even though this is almost impossible to measure in the first place, the speed of light has been slowing down as per scientific data. Many assume the speed of light has always been constant or close to it, but we do not know this for sure. When Yah created the universe and earth as we know it, the speed of light may have been totally different than what it is now. Yahveh is outside of time and space as we know it, so there are no law regulating what speed of light He decided to use at that point in time, or what He decided to use since that time. That so-called constant that scientists want to use as a basis for all other calculations, may not be the same speed now as it was at the time of creation. Those who understand this realize that it changes everything science uses in regards to time and space. It literally changes everything.

The law of cause and affect is that affects will come from the cause, that what we see comes from something. **Like kind produces like kind** (Gen. 1:11-12). Either you believe something came from nothing, or you believe that something always was. There is no third choice.

There are two basic types of science, one is empirical and the other imperial. **Empirical science is proven science that can be duplicated time and time with the same end results. Imperial science is thought science. It is the science of theories, ideas, concepts that have never been proven.** The difference between the two is obvious.

Satan is the master of evolution

For hundreds of years we have had evolution taught in the school system even though it is unproven. **On his deathbed Charles Darwin admitted his THEORY of evolution was incorrect, yet you will NEVER hear that discussed in the ranks of the so-called experts of that theory.** Hitler once said; “if you say a lie long enough, people will believe it”. That pretty much explains how society as a whole has been duped into even considering the theory of evolution. This has caused serious problems throughout all cultures all over the world for absolutely no reason other than to satisfy Satan’s need to disrupt, lie and destroy mankind. **Satan is the master behind evolution and he has done well for himself over the years.** It is only the people of Yah that can reveal Satan’s trickery to the masses, because in most cases he has the governments of the world totally under his control. If you can control the language and thinking of the population, you have them under your thumb, and that is exactly what has been going on for many hundreds of years. Those who have been “born again” are the only ones with the ability to expose the lies of this deceiver through the “global warming”, “new age”, “evolution”, “big bang theory”, etc. type thinking going on across the globe.

“Yah creates stones, man makes bricks”. Man makes bricks that are uniform. They all seem alike. They all fit together forming a man made support system. Yah’s support system is divine, made from stones unified with the mortar of the torah, with Yeshua as our chief cornerstone.

FIRE

There are two purposes for fire, it can be positive and it can be negative. In its most basic form, fire takes complex, dense matter made up of many atoms and reduces them to a more simpler

form, mainly gases. It produces LIGHT and HEAT. You need light during the dark, and you need heat during the cold.

The expression "I'm on fire" or "I have fire in my bones" is describing the positive fire that comes upon a person who is being cleansed, purified, by the Ruach, moving closer and closer to Yah. **Exod. 3:2** *And the angel of Yahveh appeared to him in a blazing fire from the midst of a bush; and he looked, and behold, **the bush was burning with fire, yet the bush was not consumed.*** The bush (tree) represents His people. Yah wants to light us on fire and speak through us to His people.

Lev. 16:12 *"And he shall take a firepan full of coals of fire from upon the altar before Yahveh, and two handfuls of finely ground sweet incense, and bring it inside the veil."* We are to be like the coals of the altar fire used to ignite

Rom. 12:20-21 *"BUT IF YOUR ENEMY IS HUNGRY, FEED HIM, AND IF HE IS THIRSTY, GIVE HIM A DRINK; FOR IN SO DOING YOU WILL HEAP BURNING COALS UPON HIS HEAD."* *Do not be overcome by evil, but overcome evil with good.* Many people believe that in this verse we see that if we do good to those who are evil to us it will make them mad, this is not what this means. That may indeed happen, but it actually means the exact opposite. Coals of fire was a well known phrase used by first century rabbis to describe the ultimate fire of the brazen altar. The High priest would take the coals from the altar, scoop them up in a pan, put them in a censor, then bring them through the veil to the altar of incense in the Holy Place. Those coals were used to burn the incense, which then caused the glory of Yah to shine. So this means when you do good to your enemy, it is as if you are taking the coals from the altar and putting them on their head, which becomes the altar of incense, and therefore will burn away any dross, worthless rubbish in their life. Our life will then become a sweet savour before Yah.

Acts 2:3 *And there appeared to them tongues as of fire (shin) distributing themselves, and they rested on each one of them.* The tongues of fire here, in Hebrew, represent the letter shin. This is the sign the priests used with their hands while speaking the Aaronic blessing. In the process of speaking in tongues what did they do? **Acts 2:11** *Cretans and Arabs — we hear them in our own tongues speaking of the mighty deeds of Elohim.* When you have the fire of Yah inside of you, you will declare the wonderful works of Elohim. El Shaddai, all consuming fire, brings death and life.

Exod. 32:28 *So the sons of Levi did as Moses instructed, and about **three thousand men of the people fell that day.***

Acts 2:41 *So then, those who had received his word were baptized; and there were added that day about **three thousand souls.***

James 1:26 *If anyone thinks himself to be religious, and yet does not **bridle his tongue** but deceives his own heart, this man's religion is worthless."*

What are the attributes of fire?

Positive (love, purifying, zeal)

Fire starts with friction. Negative friction happens when one rubs themselves up against someone else in a negative way. It creates a fire in their life. At the same time, if you look at that person with Yah's eyes you will see that fire is a holy thing, good, when used properly. When you think this fire, you must think love. Loving someone creates fire in your and their heart. Friction fire is a good thing, but it can also be a bad thing. Fire never keeps to itself, it is always moving, consuming things around it. Negative fire will ignite a lot of people. Positive fire will also ignite people. Fire divides holy from unholy, never holy from holy. Fire is what purifies us.

Fire seeks to consume. It's design is to bring you to acute focus. Fire by itself is designed to consume everything around it. It reduces everything around it to its lowest form, as in ashes. When you have or experience the fire of Yah in your life, it destroys (consumes) everything in your life that is not of Him. Fire produces light and the enemy cannot exist in the presence of light. Fire comes out from Yah's throne. Remember when Yah sent fire to destroy Aaron's two sons because of the way they made a sacrifice? They chose to come near the throne of Yah with impure hearts, therefore they were destroyed. Yah is a pillar of fire. If you dare to get close to Him you must be willing to die in the process. The closer you get in your relationship with Yah the more intense the heat is. To come close

to Him you better have your heart in the right way. If you are not holy you will die in His presence. This is what is going to happen on judgment day, we will be consumed by the Lake of Fire, or we will be transported to Heaven, according to the deeds of our heart. The only thing that protects you is the blood of the lamb. Yah came as the destroyer in the tenth plague in Egypt when all the first-born who were not under the blood, were destroyed by El Shaddai, the all consuming fire. When we are covered by the blood we have a shield that protects us from being destroyed by fire.

Yeshua is the beginning of love for us. We must understand this love that Yah made available through His Son, but we must not stagnate there. We are to move on beyond this to the weightier things in life (Hebr. 6:1). The highest form of love is when we die for someone else is it not?

Fire divides.

Fire usually burns wood, and trees. What are trees symbolic of in scripture? In the Word, people are often represented as "trees". . Fire divides people. Just as the sword of the spirit divides. Again we see things happen in the physical and then likewise in the spiritual.

Our Yah is an all consuming fire. When we look at fire through the message of shin we see many things.

Many christians, because they don't read the front of the book, think only of the fire and damnation written about in the Book of Revelation. They don't realize fire is clearly written about in the Old Testament as a attribute of Yahveh.

From Yah's throne come three things that keep this earth alive; fire, water and air. The river of life comes out from the Temple in the New Jerusalem. The river is designed to also consume you and bring forth new life. The Lake of Fire in revelation destroys and consumes all those who are sent to it.

Dan. 7:9 *"I kept looking Until thrones were set up, And the Ancient of Days took His seat; His vesture was like white snow, And the chair of His head like pure wool. **His throne was ablaze with flames, Its wheels were a burning fire.***

Rev. 1:14 *And His head and His hair were white like white wool, like snow; and **His eyes were like a flame of fire;***"

Exod. 13:21 *And Adonai was going before them in a pillar of cloud by day to lead them on the way, and in a **pillar of fire by night** to give them light, that they might travel by day and by night."*

Symbolically, the throne of Yah was leading them.

Deut. 4:11 *"And you came near and stood at the foot of the mountain, and **the mountain burned with fire** to the very heart of the heavens: darkness, cloud and thick gloom."*

Negative (Hell, lake of fire, punishment)

Rev. 20:14 *And death and Hades were thrown into the **lake of fire**. This is the second death, **the lake of fire.**"*

Luke 9:54-56 *And when His disciples James and John saw this, they said, “Rabbi, do You want us to command fire to come down from heaven and consume them?” 55 But He turned and rebuked them, [and said, “You do not know what kind of spirit you are of; 56 for the Son of Man did not come to destroy men’s lives, but to save them.”] And they went on to another village.* The disciples were referring to what Elijah did in the past. Yeshua was pointing out that only the spirit of Hasatan wants fire to destroy in such a manner, the Spirit of Yah wants fire to save people and help them understand what they are doing wrong so they can correct it. We may hate what some people (enemies) do and say, but we should not want them destroyed. We should be praying for them. Pray for your enemies, but expose them (evil). We should never damn or condemn our enemies.

In the following message of James we see the letter shin wrapped up.

James 3:1-18 *"Let not many of you become teachers, my brethren, knowing that as such we shall incur a stricter judgment. 2 For we all stumble in many ways. If anyone does not stumble in what he says, he is a perfect man, able to bridle the whole body as well. 3 Now if we put the bits into the horses' mouths so that they may obey us, we direct their entire body as well. 4 Behold, the ships also, though they are so great and are driven by strong winds, are still directed by a very small rudder, wherever the inclination of the pilot desires. 5 So also **the tongue is** a small part of the body, and yet it boasts of great things. Behold, how great a forest is set aflame by such a **small fire!** 6 And the tongue is a fire, the very world of iniquity; **the tongue is** set among our members as that which defiles the entire body, and **sets on fire the course of our life, and is set on fire by hell.** 7 For every species of beasts and birds, of reptiles and creatures of the sea, is tamed, and has been tamed by the human race. 8 **But no one can tame the tongue;** it is a restless evil and full of deadly poison. 9 With it we bless Yahve; and with it we curse men, who have been made in the likeness of Yahveh; 10 **from the same mouth come both blessing and cursing.** My brethren, these things ought not to be this way. 11 Does a fountain send out from the same opening both fresh and bitter water? 12 Can a fig tree, my brethren, produce olives, or a vine produce figs? Neither can salt water produce fresh. 13 Who among you is wise and understanding? Let him show by his good behavior his deeds in the gentleness of wisdom. 14 But if you have bitter jealousy and selfish ambition in your heart, do not be arrogant and so lie against the truth. 15 **This wisdom is not that which comes down from above, but is earthly, natural, demonic.** 16 For where **jealousy and selfish ambition exist,** there is disorder and every evil thing. 17 But the wisdom from above is first pure, then peaceable, gentle, reasonable, full of mercy and good fruits, unwavering, without hypocrisy. 18 And the seed whose fruit is righteousness is sown in peace by those who make peace".*

The tongue, the mouth, the two front teeth of shin are all connected to the all consuming fire of Yah as explained in James 3. Our tongue is a fire that can destroy the enemies plans with words of authority in Yeshua's name. It can also be used by the enemy to cause curses, which can put people in bondage for life. Our tongue can be a blessing or a curse depending on whether the Holy Spirit or the counterfeit spirit is using it. The letter shin is the tooth that is used to consume with fire all things

in us that are not in line with His Word, so that we can be set free. The fire may hurt as it consumes our fleshly ways, but the fire also sets us free. It will feel good when it's over.

The simplicity of torah

The torah is described as a home, a family and a piece of land. When you walk outside your home you can understand the simplicity of the bible by simply looking around. Yeshua said "the field is the world". That's what He was referring to. You want to know what's going on in the world, look outside your window. You want to learn something beautiful, you want wisdom and knowledge, just go outside and grow a garden. You will see Yeshua's parables and many prophecies sprout up in front of your eyes. It is no coincidence that we call the remnant the Hebrew Roots movement. The world has separated us from our roots. The roots that are now supporting the world have been producing wilting flowers that bear no fruit. There can be no fruit grown from a plant without the torah as the root of its foundation. **Matt. 13:38a** *"and the field is the world"*.

The so-called intellectual's do not like this simple idea of life because they can't control it or make money from it. If people started growing their own food in their own garden the large corporations that supply us with artificial food would be put out of business. Man can't stand the idea of something being revealed in something as simple as that.

If one can understand the truth by walking outside their door, they will have no need to pay others to consult, mis-direct them.

The first thing that happens when we do not obey His commandments affects the home, family and piece of land. In the world today we see what happens to people in far too many cases when they are disobedient to torah. They get divorced, they lose their home, their family, and their land just like it says will happen in scripture. **Deut. 28:30-31** *"**You shall betroth a wife, but another man shall violate her; you shall build a house, but you shall not live in it; you shall plant a vineyard, but you shall not use its fruit.** 31 *"Your ox shall be slaughtered before your eyes, but you shall not eat of it; your donkey shall be torn away from you, and shall not be restored to you; your sheep shall be given to your enemies, and you shall have none to save you."* This is clearly defining what has been happening in society for many years now.*

Organic

The reason so many people are now seriously getting into the organic real food understanding is so they don't have to rely on pharmaceuticals to heal them. They can grow genuine healthy food that will remove most of their need for the medical system that has overpowered society as a whole. There is no money to be made if someone can go outside and pick something from a plant and be healed. The cost of this artificially controlled system has taken a living away from billions of people. People have been addicted to drugs and are depending on the large multi-billion dollar corporations to control and dictate to them what they require to live a so-called healthy dependent life.

Rom. 1:20 *"For since the creation of the world His invisible attributes, His eternal power and divine nature, have been clearly seen, being understood through what has been made, so that they are without excuse"*

Col. 1:16-17 *"For by Him all things were created, both in the heavens and on earth, visible and invisible, whether thrones or dominions or rulers or authorities—all things have been created by Him and for Him. 17 And He is before all things, and in Him all things hold together."*

Deut. 28:1-2 *"Now it shall be, if you will diligently obey the Yahveh your Elohim,, being careful to do all His commandments which I command you today, Yahveh your Elohim will set you high above all the nations of the earth. 2 *"And all these blessings shall come upon you and overtake you, if you will obey Yahveh your Elohim."**

Doing what He says to do and saying what He says to say brings us blessings.

Have you ever considered that the reason Yah calls us His children is maybe because we don't understand His Living Word well enough to be called adults.

FATHER EARTH

The story is told about a high school science teacher, teaching one day in her class. She was explaining the **theory** of cross-species evolution and asked her students if anyone knew how the

world and everything on it was created. A smart young man said, yes, I know; he explained that the first verse of the bible explains it clearly. The so-called smart teacher told him he was crazy and that **it couldn't just happen**. The child explained that God created everything, and for anything to be created there has to be a creator. The teacher told the student to be quiet and listen more carefully to the **theory** of evolution.

Over the next few days the inspired student created a model of the universe: stars, moon, planets etc. at home, and made the earth fit into the model. He had spent a lot of time on it, and it was done very well. The student took his model to school one day and set it on the counter when no one was looking. When the science class started everyone stood around and admired the model, but

no one knew where it came from. The teacher admired its beauty and asked, "where did this come from?" No one answered her, so she asked again, "where did this come from?" Again no one answered so she got upset and spoke out loud in a threatening voice, "where did this come from". **It didn't just appear. Someone must have created it. Someone must have made it**" Then the boy stood up and said, with a smug look on his face. **That's what I've been trying to tell you!**"

The fish, wildlife, mountains, and flowers, etc. that we enjoy so casually everyday were created for us by Elohim (Yahveh). Please don't allow any fool try to convince you all of this was by chance, from a big-bang, splash or what have you.

DASYD MINISTRY "DO AS YESHUA DID" dasydministry.org Jerry Hennig (Dec/21)
excerpt from the Bible Basics Book.
