

# THINGS YOU SHOULD KNOW ABOUT THE NEW KING JAMES VERSION BIBLE

The included pictures are what is found in the front, and on the cover of the New King James Bible, which has been printed as such since 1982.

The mysterious symbol on the cover of the NKJV is the symbol employed by pagans and occultists for their unholy, Luciferian trinity of deities. The same unified - yet three-part symbol - is also connected with the theology of top New Age leaders, and with the dark initiation rites of high-level Freemasonry. In fact, many claim because of a recently found record found in one of the Masonry Halls, that King James was also a Mason. This would add to just how crazy this King was stories of the past.

The New King James Version

Many people will recognize this same occult symbol from a past popular television program called "Charmed". This program was about three witches that used their powers to manipulate and dominate their friends and acquaintances. At the beginning of the program and in its previews it clearly shows this identical symbol, with and without the circle. This will come as no surprise to those people who see how Satan himself has taken over most of the television networks under the guise of Hollywood, the "sewer" of America.

The greatest method of deception is to counterfeit, and the master of counterfeit and deception we all know is Satan.

Definition of "counterfeit" is: to imitate or copy closely, especially with the intent to deceive.

**2Cor. 11:14-15** "And no wonder, for even **Satan disguises himself as an angel of light. Therefore it is not surprising if his servants also disguise themselves as servants of righteousness; whose end shall be according to their deeds.**"

**Isa. 14:14** 'I will ascend above the heights of the clouds; I will make myself like the Most High.'

**Exod. 20:4-6** "You shall not make for yourself an idol, or any likeness of what is in heaven above or on the earth beneath or in the water under the earth. "You shall not worship them or serve them; for I,

*Yahveh your Elohim, am a jealous Elohim, visiting the iniquity of the fathers on the children, on the third and the fourth generations of those who hate Me, but showing lovingkindness to thousands, to those who love Me and keep My commandments."*

Satan's counterfeit "angels of light" have successfully infiltrated much of Yahveh's supposed church, through many ministers who are proclaiming to teach the truth of the Bible. Many clergy have allowed Satan to feel at home in their pulpit, and roam their churches unchallenged, while actually endorsing Satan's handiwork.

In 1885, Satan used a couple of secret society occultists, Brook Foss Westcott and Fenton John Anthony Hort, to attack Yahveh's Bible, by publishing their own Gnostic translation. Satan's agents, such as the United Bible Society, continue the attack on Yahveh's Authorized Bible today. The continued attacks have resulted in many counterfeit Bibles, based on Satan's Alexandrian philosophy, which rejects the premise of a perfect Bible. Corrupt Alexandrian manuscripts have been used, and where the pure Antiochian manuscripts have been used, doubt is cast by adding footnotes. New Bibles cast doubt and confusion, "For Yahveh is not the Author of confusion." (1Cor 14:33).

### James (VI of Scotland 1st of England)

King of Scotland (1567-1625), and the first Stuart King of England (1603-25), English historians have tended to portray him as a coward and a fussy and foolish pedant: 'The wisest fool in Christendom'. In fact he was reasonably successful in his main goals, increasing national prosperity, maintaining peace with Europe and settling the church. Today, he is remembered for commissioning the so-called King James' Bible, or Authorized Version. A

On the west wall of the lodge hall used by Lodge Scoon and Perth No. 3 in Perth, Scotland can be found a mural depicting James VI kneeling at their altar at his initiation. The oldest existing record of the Lodge, called "The Mutual Agreement" of 24 December, 1658, records that James was "entered Freemason and Fellowcraft of the Lodge of Scoon" on 15 April, 1601.

King James finished His Elizabethan translation of the Bible in 1611. By 1875 the people of England wanted an updated version. In the original version the closest Greek spelling of the Hebrew name of "Yeshua" was transliterated "**lesu, or lesous**". Ever since then it has been misspelled and mispronounced even worse as "Jesus". I believe the following may be the explanation as to why.

### CANON OF SCRIPTURES

When we read the established books that are included in the canon of scripture we must always keep in mind exactly what "canon" means in Greek. Canon (kanonikos in Greek), means "church law". The bible as we have it normally available was put together as church law. Realistically, it contains Yah's Word whether it be the torah, tenakh or Renewed Testament. That does not mean that it is all correct or must be accepted as is, because as stated earlier, it is the LAW OF THE CHURCH, not the true perfect instructions of the Almighty. Our bibles are full of translation errors that have caused problems throughout the ages. That's why it is so important for a bible student to learn the customs, traditions, idioms, etc. of the Hebrew language to understand better the true meanings of the Word in its original context and form. The bible as we know it, has survived IN SPITE of the way it was put together, not because of the way it was assembled.

The committee formed to update the canon of scriptures over a twenty year period had on it two Jesuit priests that changed it by using another manuscript. The two, supposed members of the church of England, were Roman Catholic Jesuit infiltrates that were under special oath, bound to destroy the King James version.

They were, F. J. Hort (1828-1892) and B.F. Westcott (1825-1901). They convinced the committee that the old texts in the Vatican were more reliable than the copies from Antioch (Isa. 30:1-3). They distorted the Word of Yahveh and produced a revised version of the old corrupted Origen text of the Roman Catholic Latin Vulgate Bible.

Satan's schemes have always been to cast doubt and confusion. Instead of the unity of a Preacher reading Scripture to everyone else in the church reading from the same Bible, we have Satan's agents giving everyone different Bibles to read, causing confusion, and making big profits from the ignorance of the babes.

Among Satan's greatest counterfeit's is the New King James Bible. Believers who would never touch another modern version are being "seduced" by the New King James Version. They have been "deceived" into thinking it is an updated King James Authorized Version, but the New King James not only makes subtle changes to the 1611 King James Bible, but **it even has Satan's seal of approval on the cover.**

**New Agers freely admit it represents three interwoven "6"s or "666".**

The same symbol (with a circle) is displayed by the rock group Led Zeppelin, on an album from Atlantic Records. Members of Led Zeppelin are deeply involved in satanism and the occult. They put satanic messages back masked on some of their recordings, and guitarist Jimmy Page, so consumed with satanism, actually purchased Aleister Crowley's mansion. Many believe the triquetra symbol is from the teachings of Aleister Crowley, and represent 666.

The publishers of the NKJV, Thomas Nelson Publishing, claim on the inside-cover, the symbol, "triquetra seal"...is an ancient symbol for the Trinity". Those who have studied know the trinity teaching is of pagan origin. Did the publisher have any idea of the true meaning of this symbol? Perhaps not, but perhaps someone did? Because this Bible version, like others, is full of errors and omissions, Yahveh could of made sure that Satanic seal was there to be a warning for Believers to reject these false Bibles. Whatever the reason, it is certainly ironic.

Constance Cumbey, author of *The Hidden Dangers of the Rainbow* and a notable authority on the New Age Movement, said, *"On the cover of the Aquarian Conspiracy is a Mobius, it is really used by them as triple six (666). The emblem on the cover of the New King James Bible is said to be an ancient symbol of the Trinity. The old symbol had Gnostic origins. It was more Gnostic than Christian. I was rather alarmed when I noticed the emblem..."* (The New Age Movement, Southwest Radio Church, 1982 p.11).

In the last 100 years or so we have had about 85 new English translations of the corrupted Catholic Bible brought forward in order to push out the original "Authorized Version of the King James" Bible. The King James Bible is becoming more and more difficult to find in the hands of teachers and scholars. Many think the new Ecumenical movement will soon probably promote a common use Bible for all religions that will be even further away from the real thing than the "Living Bible", which used to be popular.
