

## ISLAM (MUSLIMS) Pt 1 of 2

In the following teaching I will reveal that Islam is nothing more than another religion created and mirroring in many ways, the other pagan christian religion like Roman Catholicism. It is a religion like Catholicism, created by a Roman Catholic, that blatantly proclaims that all who do not worship it are to die. **They honor the god of the sun and moon which their crescent moon and disc symbolize.** These two religions have been in bed together since Islam was created by a so-called prophet Mohammed who who couldn't even read or write. Islam worships Satan in the form of Allah, in the same way the Roman Catholics worship him in the form of multiple gods and goddesses.

Islam is divided into two very separate camps; Sunni muslims (the majority), follow their prophet Hussein, who was related to Mohammed. The Shiites follow Mohammed. The most obvious difference between the Shiite and Sunni muslims is their belief in where the Islamic messiah comes from. The Shiites believe the mahdi (Islamic messiah) comes from the shiites only. They believe he has to be a direct descendent of Mohammed. The Sunni believe he can come from anywhere.

### ORIGIN OF ISLAM

Most Muslims don't even realize that Mohammed was totally illiterate, and yet he supposedly wrote the Koran. Mohammed was born in 570AD and died 632AD. Mohammed worked for a very rich nun by the name of Khadija and eventually married her when he was 40. He had 10 wives.

### MOHAMMED WAS A PEDOPHILE

**He married his wife Aisha when she was six years old and consummated their marriage when she was nine.** He was a sexual slaver. No-matter how open your mind is, a man having sex with a nine year old is called RAPE!

**Mohammed's wife Khadijah was a Roman Catholic nun, and Mohammed's advisor was her cousin Waraquah, also a Catholic. When Mohammed received his visions in the cave in Mt. Hira (near Mecca), his top dog advisor Waraquah was the one who interpreted his visions for him. These interpretations became part of the Islam book of the Qur'an. It was under Waraquah's direction that Mohammed conceived the great lie of the Qur'an.**

Every letter, every word, chapter, verse, and every paragraph in the Quran is actually the product of Mohammed's fervent imagination, reflecting his personal thoughts, his fears, his hatred, his lusts, his anger, his jealousy, his needs, and his ideas. He shared his thoughts and demonic dreams with Waraquah, and Waraquah wrote them down. **It is important to know that there is not a single deed or idea in the Quran that has not been plagiarized, pirated, plundered and or perverted from the belief of others.** In other words, everything in the Quran has come from Mohammed's dreams, nightmares, lusts, thoughts, ideals, hates, likes and dislikes, along with plagerized things from other religions, both pagan and supposed biblical. The only thing that has not been stolen from other sources, in the Quran are the enormous numbers of hatred mongering, war mongering, torture and hellish verses that permeate most of the pages.

**The lie that said that Abraham offered Ismael as the sacrifice instead of Isaac (Gen. 22).** Mohammed had other unpublished works in which he explained his connection to the Vatican by way of his revelation of the Virgin Mary. After Mohammed's daughter Fatima died, he wrote that she was the most holy of all women, next to Mary. The religion of Islam and the Vatican are connected, and both have incredible information on each other, if exposed, this information would destroy them. This information is secretly guarded by both sides. They are simply bed partners. The Roman Catholic church is clearly revealed in Rev. 17:5 as the whore, and Islam is nothing more than one of her daughters. **Rev. 17:5 and on her forehead a name [was] written, a mystery, "BABYLON THE GREAT, THE MOTHER OF HARLOTS AND OF THE ABOMINATIONS OF THE EARTH."**

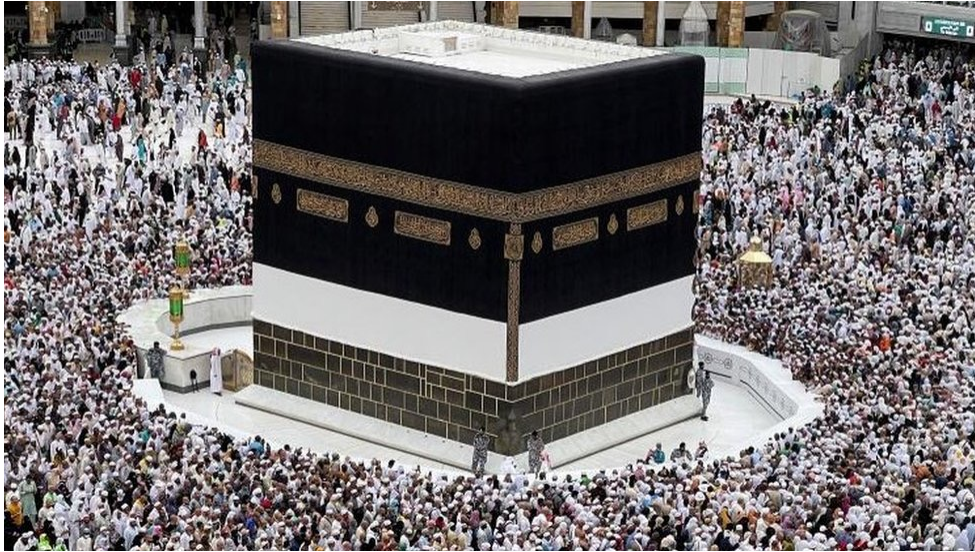

Muhammed, as his "modus operandi", **imitated and acted up parts which belong to the Hebrew, Israelite, and Jewish leaders. Muhammad was imitating the greatest examples of monotheism.** He was copying for example, what Abraham did when he destroyed the idols of his fathers house. He was simply doing what was to be done according to the Torah in **Exod. 20:4 "You are not to make for yourselves a carved image or any kind of representation of anything in heaven above, on the earth beneath or in the water below the shoreline"**.

Over the years the stories of his followers were concocted to fit in with their different sects and agendas, such as Buhkari. Tradition has them following concocted myths and fairy-tales as part of their customs without even realizing it.

### THE BLACK STONE

When Mohammed conquered the Quraysh tribe and ordered the destruction of about 360 of their idols, gods, and goddesses in 632AD, he left one stone unmolested in Ka'aba, Mecca. That Black Stone became an idol for Muhammadans.

The Black Stone, the supposed holy rock of the Ka'aba, they say is a meteorite, is not a single stone, and not a meteorite. It consists of at least seven fragments held together by a silver frame. This black stone

was one of many idols worshipped by pagan Arabs centuries before Mohammed islamized it by wrapping it up with new and totally concocted historical and theological background that he plagiarized, plundered, pirated, and perverted from the bible. **The Black Stone represented the spiritual home of the supreme Rock god of the pagan Arabs for many years.**

Islam teaches against idols of any kind, yet millions of them kiss the "Black Stone" idol on a regular basis when they visit Mecca. Muhammad himself was recorded as "Kissing the Black Stone", during the pre-Islamic period, which would have been, and still is, the act of pagan worship. **For hundreds of years Muslims have been "kissing the Black Stone", the 7-15 fragments of the man made image that represents the supreme Rock god, just like Muhammad did. This is idol worship at its best, even though Muslims claim to not be pagans.**

Islamic doctrine is similar to the Catholic doctrine, which teaches that all people who are not following their faith are going to hell. The Qur'an (Sura 9:5) states *"Fight and slay the pagans wherever you find them"*. This sounds silly coming from a pagan system, but the followers of this system don't seem to see the hypocrisy there. They are not a religion of peace, they are in fact, just the opposite.

The theology of Islam insists that Islam triumphs over everything else. That is why when you visit an Arabic city you will find the prayer tower in the highest place in the city. **The Twin Towers in New York (capital of America Babylon) were destroyed because they were higher than any minuet in New York.** Like pagan temples of old, Muslims want their temples highest in the sky-line. Their minuets are phallic

symbols.

## QURAN

Humanity doesn't realize that there is not a single letter, a word, a sentence, a paragraph or a chapter that Quran could have been revealed by any merciful and compassionate divinity. The Quran contains no mercy or compassion to any human beings, not even if they are followers of Muhammed. The greatest enemy, and threat to Muhammed and Islam teaching is knowledge. The foundation of Mohammed and Islam is ignorance. Without that ignorance the people would have no part.

The Allah the Muslims follow is a "DECEIVER". **Sura 3:54 (Pickthal) *And they (the disbelievers) schemed, and Allah schemed (against them); and Allah is the best of schemers***". Schemer is from Arabic, meaning the "Deceiver".

The Quran is Muhammed's own altered ego, projecting into the unsuspecting mouth of Allah, the supreme Rock god of Quraysh embedded in the corner wall of the Ka'aba, called the Black Stone. **The Black Stone of Islam is nothing more than an idol.**

Those who follow Islam are called Muhammadans and Muslims because they follow the cult of Muhammad. Muhammed and Islam is nothing more than a cult. It does not qualify as a religion, but only as a cult/occult. As per the Oxford Dictionary, "a religion is a belief in a divine": "cult is a belief and in emulation of a **human being**". Emulation means: "effort to match or surpass a person or achievement, typically by imitation". In more simple terms: "to imitate **a human being** that is considered to be supremely special". An example may be found in fans of famous entertainers. "The fan exalts the person to the degree that they see him as a god or goddess".

Both Quran and Hadiths (collections and traditions containing sayings of the prophet), assert and instruct, especially the males of Muhammadans and Islam, to vigorously strive to accomplish the deeds, thoughts, ideas, and manner of Muhammad. He is their idol and he is who they worship. This by itself and of itself represents cultism.

## ISLAM THE RELIGION OF PEACE

At the core of Islamic theology is the belief that God is a single unassailable entity, and that to think of him as having multiple natures, is blasphemous. The word "Islam" itself doesn't mean "peace", like many proclaim. It means "submission", to Allah's sharia laws and will. The one who submits is a "Muslim". What kind of a religion of peace would be modelled after submission? If one tries to leave Islam, the so-called religion of peace, the sentence for this apostasy is death. Does this sound like peace to you?

Any person who says Islam is a religion of peace, sexual abstinence and purity is a liar and a fool. Islam poses the greatest threat to our civilized world we have even seen. The history of Islam consists of centuries of wars against the west. This is ongoing. The only thing that has changed is their methods of using ignorant people in leadership positions to tell the masses they are a religion of peace. Leaders who say not to worry are totally betraying those under their authority.

### **WAS MOHAMMED A PROPHET?**

Many Muslims honestly think this man who died his hair red, was a great prophet, and claim it even says so in the bible. They use the following verse to back up their foolish claim.

**Deut. 18:15** "**Yahveh Elohim will raise up for you a prophet like me from among you, from your countrymen, you shall listen to him.**" This is the foundation of the Islamic church. Mohammed was supposedly a prophet greater than Moses. Anyone who understands scripture knows that this verse is talking about Yeshua, but somehow they like to twist it to mean Mohammed, who's name is not once seen in the bible.

The five pillars of faith for Islam are (in Arabic);

1. Shahada means witnessing
2. Sawm means fasting
3. Zakat means tithing 2 1/2% of total wealth once a year
4. Salat means prayer (5 times per day facing Mecca)
5. Hajj means pilgrimage to Mecca

The objective of the Islamic people today, whether they outright admit it or not, is simple. Their objective is:

- 1) To destroy every Jew on planet earth.
- 2) To destroy and dissolve all democracy in the world.
- 3) To destroy all western civilization.
- 4) To defeat all religious groups; Christianity, Judaism, Buddhists, Hindu's, etc. throughout the world.
- 5) To eradicate any person on earth who does not bow down to their satanic god they call Allah.'

### **Interesting notes about Islam:**

Islam means "submission to God" and the one who submits is called a "Muslim"

Mohammed was poisoned by a woman. If he was such a great prophet why didn't he see this coming?

They say that Allah is a singular god.

Islamic laws (customs, traditions), like Salat, Zakal, Hajj, inheritance, marriage, divorce, banking, buying, selling etc. do not change like the laws of the secular world.

Muslims must be circumcised.

They do recognize the bible, the Torah and book of Psalms, but do not believe they were inspired by the Holy Spirit.

The theology of Islam insists that Islam triumphs over everything else, that is why when you visit an Arabic city you

will find the prayer tower (phallic symbol), in the highest place in the city.

The common Muslim doesn't realize he is supporting the high level muslim leaders who support Satan, all because he is too lazy to check out the doctrine and dogma of the religion for himself. He is told to never ever question the writings of the Koran or his head will be chopped off (Q8:10-12, 33-36).

As long as Israel exists their triumph based theology cannot be affirmed. It flies in the face of all Muslims. There are many Muslims that believe that anyone who will not confess that Allah is god, that Mohammed is his prophet, and that the Koran is the perfect fulfillment of god's word, should be put to death.

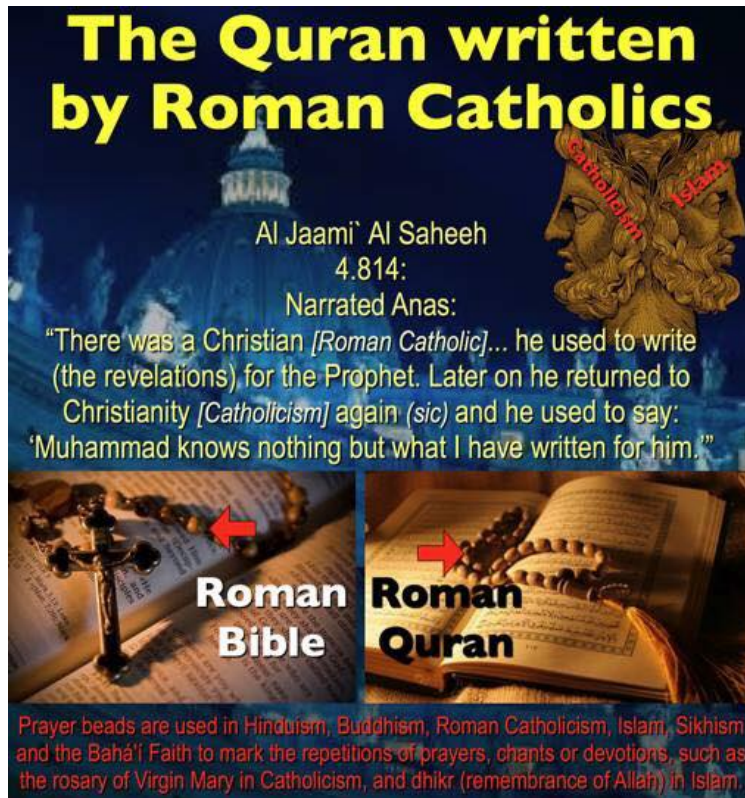

In 630 AD Mohammed proclaimed the city of Mecca as the Holy city of Islam.

The Koran states that woman are man's supreme calamity and says that most of them will go to hell.

Muslim men treat their wives as sexual commodities. In most cases the women are hidden under garments so they are not allowed to be recognized as free will human beings. The men simply use their women to reproduce. They breed like rabbits in order to reproduce so they can eventually control the populous and turn all of the world to their sharia law.

Most Muslim men believe heaven is a place where they will have a harem of 40 women.

Muslims recognize Jesus as a prophet of God not the son of God.

Muslims believe that God is Almighty, omnipresent and He controls everything now and forever.

Muslims know that God can save but they don't know that He can save them now. They don't understand that God paid the price for their sins, has made salvation possible for them, and has prepared the way through Yeshua.

Religion in Islam means: "the way". Muslims understand that their god is their first priority. They are not encouraged to learn and read their scriptures. They are forbidden to compare the Qur'an with the bible.

Today the Muslims claim that the Temple Mount area was and is exclusively an Islamic site. They claim that Solomon's Temple was not there. In the Wakf guidebook of 1925, written by the Supreme Moslem Council to Al-Haram Al-Sharif (Muslim name for Temple Mount), it states clearly that King Solomon's Temple was the original location of where the Al-Aqsa Mosque now sits.

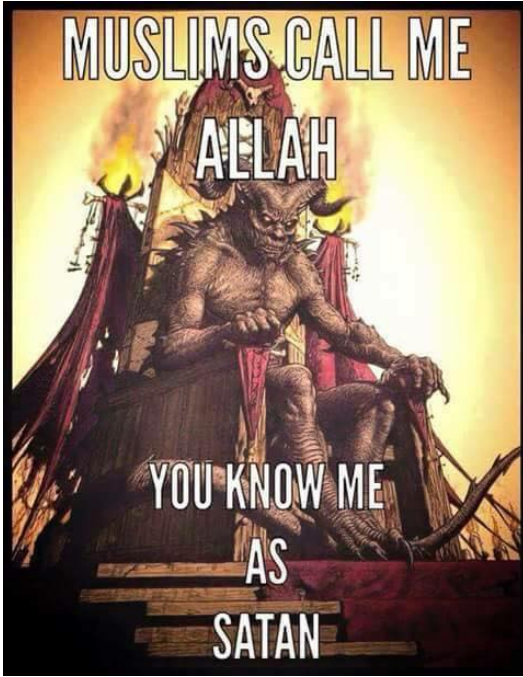

Islam is not a religion of peace. Any Muslim that doesn't get involved in Jihad is sinning. That's the doctrine of Islam.

## ALLAH

Allah was a moon god who married the sun goddess. Together they had three goddesses who were called "the daughters of allah". These three were: Al-Lat, Al-Uzza, and Manat. Allah is a pre-Islamic name corresponding to the Babylonian Bel, or Baal.

Allah is announced as god's name in the Quran and is referred to 2,700 times as such. Q13:15-19 "Who is the Lord of the Heavens and of the earth"? Say "Allah". The word Allah is derived linguistically by a contradiction of the Arabic expression: al-ilah "the god", which was a generic expression used for gods in general. The word ilah comes from the ancient Semitic root reflected also in the Hebrew Elohim. Allah had previously been used as the title of a pagan Arabian deity known to the Meccan's before the time of Mohammed. The feminine form of Allah, derived in parallel fashion from al-ilat "the goddess". She was a specific idol known among the Arabs.

Mohammed's pagan father, who died before Mohammed was born, bore the name Abd Allah (Abdullah), "slave of Allah". This proves that Allah was the principal deity of Mohammed's grandfather, since it was a common practice among the pagans to name their children after their personal god. Pagan assumptions about Allah were very much a live issue during Mohammed's supposed prophetic career, because the Qur'an repeatedly seeks to counter claims that Allah was but one among many gods; that he had divine sons or daughters; that the jinn (demonic beings) shared divinity with him. Q53:19-24 refuted the pagan idea that the goddess -Uzza, al-Ilat and Manat were the daughters of Allah. Furthermore Q37:145-59 rejects any suggestion

that Allah has sons and daughters, that angels could be female, being capable of reproducing, or that the jinn share kinship with Allah (Q16:59;6:100).

We also know from Ishaq's biography of Mohammad that his family were devotees of Hubal. Mohammed's grandfather, Abdul Mutallib, had undertaken to sacrifice Mohammed's father to Hubal. This was the same youth Abd Allah whose name showed that he had been dedicated to the god Allah. Mohammad himself was dedicated as an infant before the statue of Hubal by the same grandfather. There is even an account of Mohammed's grandfather praying to Allah beside the idol of Hubal while lots are being cast to determine which son he will sacrifice.

**Who was Allah?**

The Encyclopedia of Religions says Allah was the Moon god, who married the sun goddess. Together they produced three goddesses who were called "the daughters of Allah". These three goddesses were called Al-Lat, Al-Uzza, and Manat. It also says that Allah is a pre-Islamic name corresponding to the Babylonian Bel". The combined crescent and disk of Islam always represent the conjunctive Sun and Moon. It represents the basic male (Sol) and female part (Luna) of the fertility god deities. The sun inside, on top of, the horizontal half moon represents impregnation and birth from a fertility god and goddess point of view, as in Isis and Horus, or Semiramis and Tammuz. When you imagine the sun disk coming into

the moon from above it portrays a horizontal half moon image of sexual penetration. This is simply Luciferian worship.

**SIMILARITIES BETWEEN ISLAM AND ROMAN CATHOLICS**

There are endless similarities between these two satanic religions, the following are a few examples.

The Roman Catholics use the same symbols of half moon, cycle moon (monstrance) with a disc (halo), representing the sun god, Satan.

Catholic churches and Islamic mosques are always side by side in Islamic countries.

Catholic nuns wear the same or very similar type black garments as Islamic women.

In the oldest mosque in Damascus, you will find a shrine the muslims pray to where supposedly the head of John the Baptist lies. So Muslims pray to John the Baptist also. The Catholics have a similar shrine in Rome for the arm of John the Baptist.

The priesthood in Catholicism and Islam are both only for men.

The star of Islam is found in Roman Catholic cathedrals, and the half crescent moon is found in Catholic churches.

The Roman Catholic doctrine says their Jesus is sinless because of his mother Mary who was of immaculate conception. They say the sinners of the whole world will be saved because of Mary's immaculate heart (Catholic Encyclopedia, book 6 page 965, www.heartsare.com). Bishop Fulton Sheen of the Roman

Catholic church says: "the Koran, which is the Bible of the Moslems, has many passages concerning the Blessed Virgin. First of all, the Koran believes in **her** immaculate conception, and also, in **her** virgin Birth." Note, this is not talking about the Roman Catholic Jesus. He also said: "The two largest religions in the world believe in fervent devotion to Mary and hold her virtues in the very highest esteem. The Moslems and Catholics comprise some 2 billion people in the world. Then there are the Orthodox Christians who also have great devotion to Mary. It is true too, that there is a large number of Protestants who hold Mary in great favor.

The Quoran says "*Christ was altogether saved from the indignity of the cross and as if by a miracle of likeness, someone else of the same features was crucified by the Jews under illusion*". (verse 157) "*And they (Jews) said in boast, we killed Christ Jesus, the son of Mary, the Apostle of God (in the knowledge of God). But they killed Him not, nor crucified Him, but it was made to appear to them, and those who differ therein are full of doubts with no (certain) knowledge, but only conjectures to follow, for a surety they killed Him not*" Vide 19:5, 75-78:5 says "*To say nothing of Godship, **Christ is not even the son of God, but only an Apostle like several others. The same is the case with Uzair a prophet of the Jews***".

## FLAGELLATION..SELF MUTILATION

In our bible we see **the occult practice of self-flagellation mentioned.**

**1Kgs. 18:21-22** *And Elijah came near to all the people and said, "How long will you hesitate between two opinions? If Adonai is God, follow Him; but if Baal, follow him." But the people did not answer him a word. 22 Then Elijah said to the people, "I alone am left a prophet of Adonai, but Baal's prophets are 450 men.*

**1Kgs. 18:28** *So they cried with a loud voice and cut themselves according to their custom with swords and lances until the blood gushed out on them."*

On the 10th day of the first month of the Islamic calendar (Muharram), the Muslim's celebrate the "Day of Ashura". This festival is marked to mourn the death of their supposed prophet Mohammed's grandson, Imam Husayn. The festival is celebrated by both Sunni and Shia sects, each has a different account of what originally happened during the battle of Karbala in 680 AD, both ending in him being be-headed. To celebrate this festival millions of Muslim men and boys inflict self-harm to themselves. It isn't clear why they do this, but the ritual sees the streets of Iraq and other places soaked with blood as they dig knives into their scalps and whip themselves with blades. Those not participating in the act, slap their chests and chant. Catholics in the northern Philippine province of Pampangan, many bare-chested and hooded, practice self-flagellation in the week before Easter to commemorate the suffering of their Jesus Christ.

The devotees tie a rope around their arms and legs and cut their back with a blade before marching barefoot for hours and repeatedly striking their backs with bamboo whips. Other Catholics, some wearing black or red robes and face masks, carry wooden crosses.

## Secret symbols of Islam

The all seeing eye as depicted on the American one dollar bill (for protection), is used prominently throughout Islam and Roman Catholicism.

The "all seeing eye" is also known as the "eye of Horus" which represents the most common pagan trinity of Isis, Horus, and Set. Ancient Egyptians used the right eye to represent the sun and left to represent the moon. Horus and Osiris (Isis), are also represented as the male and female sides of Satan. Siva (the destroyer) is the Indian god equivalent to Osiris. Shiva is also a synonym for Satan. In Tyre, Baal represents the sun and Astaroth the moon god. Set is the Egyptian devil and Shiva is the Indian god of destruction. Both

Set and Shiva are also listed in the satanic bible as names for Satan. The Palestinian Baal, or Moloch, and Saturn are identical. Muslims are simply goyim (pagans), indirectly and directly worshipping the male and female representatives of Satan.

The Luxor Temple area in Egypt honors pagan and homosexual gods of the likes of Hemes, the god of wisdom, also called Thoth, Tat, Seth, Set and Sat-an. Set was worshipped there with obscene homosexual rituals. The Luxor temple has a mosque inside, just as you enter. In the temple of Baal complex in Lebanon, likewise, you will find a Roman Catholic church.
