

# MARTIAL ARTS

## THE ORIGIN OF MARTIAL ARTS

All martial arts trace their roots back to the false religions and paganism of Asia. They are based on the

idea that man has within himself the power and ability to become super-human, and “godlike”. This was the very first deception with which Satan has blinded the human race (Gen. 3:4-5).

Satan’s Buddhist Shaolin Temple in China is the location of the demonic roots and foundation of martial arts. The purpose of martial arts is to evangelize and share Chan Buddhism and Taoism with the entire world. Both of these occult religions teach that there is no personal Yah (God). They teach that there is no single Almighty Divine Being (Yahveh), nor His Son, Yeshua.

They teach; that Yahveh, known as the God of Abraham, Isaac, and Jacob by those who follow the bible, the Living Word, is actually **an energy force**, or “great spirit”. They try to sell the lie that through proper breathing techniques, meditation, mantras, spiritual exercises and life style, we may all become one with this ‘divine energy.’ This is Pantheism to it’s core. This is **a counterfeit of the Truth** of the gospel of Yeshua of Nazareth. Yeshua says that we may become one with The Father (Almighty, Holy One of Israel, Elohim), only through faith in the Life, death, sacrifice, and glorious resurrection of His Son; and through obedience (John 17:17-23). It is a free Gift and promised Blessing of His indwelling Ruach Hakodesh!

So, the Buddhist, Taoist, and Hindu believe that they can become one with the universal energy or cosmos (their god), not through the indwelling of a divine spirit (Ruach).

In Hebrew ruach means “breath”, as in the breath of the spirit which brings life. In the Chinese martial arts, they use the word “chi” to mean the same thing. Tai chi for example is a Chinese martial art and system of calisthenics, consisting of sequences of very slow controlled movements. In Chinese philosophy, it is the ultimate source and limit of reality, from which spring yin and yang and all of creation.

As martial artists, the power, control and demonstration of “Chi energy” is considered the highest ability. Therefore they train in meditation and breath control, in order to open the mind to the influence of the spirit world. A spirit of war instead of peace, a spirit of pride instead of humility, a spirit of works and self-justification rather than faith in the Only Begotten Son Yeshua.

When **these spirits** influence, control, and eventually enter the practitioner’s life; unbelievable and amazing feats, skills, and abilities may be performed by the martial artists. The demons (spirits), deceive them into believing that these “*unnatural abilities*” are theirs alone! They convince them that they may attain these “powers” through their own hard works and dedication to the arts. Little do most people realize, that it is the spirits that use them, and not the other way around.

In the Book of Revelation, chapter 16:14 & 18:2 we are told that in these last days of earth’s history, there will be the manifestation of miracle-working spirits (demons), which go forth to deceive the whole world. Those demonic forces are exactly the purpose of martial arts.

### **Martial Arts and Magical Skills**

As in any pagan religion, physical activities always lead to deeper “spiritual” truths. The Chinese martial

arts and their Asian counterparts are no stranger to this concept.

Students always begin with very basic, fundamental exercises, i.e. stances, footwork, kata, punching, blocking and kicking. As the student progresses in the control of his/her motor skills and balance, they are slowly introduced to the idea, and principles of breath control, and "internal" strength or power.

According to Eastern mysticism, breathing is both a physical and spiritual exercise. The ability to control ones breathing and respiration is used to enter **an altered state of consciousness, or hypnosis. This then opens the door from the physical to the spirit world.** Deep breathing and meditation are then presented to enhance one's physical abilities. This is often being taught as a new form of 'science' or 'metaphysics.' It is a deadly mixture of ancient occult practices with scientific terminology attached.

With this new learned power, **a punch is no longer "just a punch."** The masters of kung-fu teach that **chi is like the batteries inside the toy.** Chi is what creates real power. At the Black belt level, most often, "internal" or "chi" training is used in the demonstration of breaking boards, bricks, ice and stone. At the level of an experienced disciple or master (usually 5th – 6th dan), these skills begin to take on a more mystical/occult flavor. Along with these "special skills", come those ideas and beliefs which are an integral part of the religions of the far east. The various yells of martial arts are actually types/forms of incantations.

All of these Elohim strictly forbids in His Word, and declares them as abominations, and counterfeits of the gifts of the Holy Spirit!

**Jer. 10:2** "Here is what ADONAI says: "Don't learn the way of the Goyim, **don't be frightened by astrological signs, even if the Goyim are afraid of them;**"

**Deut. 18:9-12** "When you enter the land ADONAI your Elohim is giving you, you are not to learn how to follow the abominable practices of those nations. **10 There must not be found among you anyone who makes his son or daughter pass through fire, a diviner, a soothsayer, an enchanter, a sorcerer, 11 a spell-caster, a consulter of ghosts or spirits, or a necromancer. 12 For whoever does these things is detestable to ADONAI, and because of these abominations ADONAI your Elohim is driving them out ahead of you".**

**These abilities include**

**Iron Palm** – Also known as "**Iron Hand**". Training techniques in various Chinese martial arts, imparted through the influence of demons.

**Iron Body** – Iron body is **a subset discipline within Shaolin Kung Fu.** Students of this martial art form subject themselves to daily exercises that harden body tissue. The practice is applied to the legs, trunk, hands, arms and head, counterfeit of the gift given to Samson in Jgs. 14-16

**Energy Healing** – Healing by the counterfeit Holy Spirit. Matt. 10:7-8 refers to counterfeit gifts of the Holy Spirit.

**Clairvoyance** – The ability to communicate with the occult demons to know things in the future. We are to only be interested in what the ruach (spirit) reveals to us.

**Clairaudience** – The supposed faculty of perceiving, as if by hearing, what is inaudible. Acts 8:26-40 "The Spirit of Yahveh leads us, not we ourselves".

**Telepathy** – The supposed communication of thoughts or ideas by means other than the known senses.

**Matt. 12:25a** "**However, knowing what they were thinking, Yeshua said to them**". Only Yahveh and His Son know our thoughts.

**Dim Mak** – The touch of death (or death-point striking) refers to any martial arts technique reputed to kill using seemingly less than lethal force targeted at specific areas of the body. It was the touch of Yeshua that always brought Life and healing, never death. **Luke 4:40** *After sunset, all those who had people sick with various diseases brought them to Yeshua, and he put his hands on each one of them and healed them;*"

**Astral Travel** – Astral projection. The demonic ability to project the human soul and spirit to places away from the body. The counterfeit of the apostle Paul's experience. (2Cor. 12:2-4)

**Levitation** – The demonic ability to levitate the body off the ground using various techniques including astral-projection. (Matt. 14:26-31).

**Telekinesis** – The supposed ability to move objects at a distance by mental power or other nonphysical means. An occult technique achieved only through witchcraft and wizardry.

**Remote Viewing** -Just another name for astral-projection. Currently researched and being used as a weapon of warfare by the CIA, using psychics and occult personnel.

**Spirit Guides** – Demons pretending to be spirits of the dead, used to communicate with witches. (Lev. 20:6, 20:27, 1Sam. 28:7-9, 2Kgs 21:1-6, 2Kgs. 23:24)

**Hypnosis** – Hypnosis, also referred to as hypnotherapy or hypnotic suggestion, is a demonic trance-like state in which you have heightened focus and concentration. Hypnosis is usually done with the help of a therapist using verbal repetition and mental images. (Acts 8:9-11, Gal. 3:1)

**Channeling** – Spirit communication and possession strictly forbidden. (1Chr. 10:13-14, 1Sam. 28:8, and Isa. 8:19)

**Mantras/chanting** – Repetition of words for contact with evil spirits. We are warned not to learn the ways of the heathen, for they are a snare unto mankind. (Matt. 6:7-8, Deut. 18:9, Jer. 10:2)

**Talismans & Symbols** – These are signs of ownership and possession, and they open the door to the influence of evil spirits. (Deut. 4:15, Acts 7:43)

**Hand shakes/seals/ mudras** – The occult, new age, masonic; all secret societies use gestures to open doors to the spirit world. They all participate in what is called the Brotherhood, Satan's secret society. The various hand motions are also forms of incantations. Incantations can be “signed” with hand signals similar to the way deaf people use sign language to communicate using their hands. These occult signatures, often used by rock musicians, are used to call on demons in the spirit world. It is sometimes referred to as “runeing”, a common practice of witches.

**Shakti-pat** – The occult practice witches use for the laying on of hands to transfer spirit energy, as often used in the "slain in the spirit" demonic manifestation frequently seen in pagan Pentecostal Christian churches. (Acts

8:18).

**Kundalini** – New age term for serpent. The serpent is used as a symbol of Satan. The word kundalini is nowhere to be found in the Good Book. (Rev. 12:9, Gen. 3:1 & Isa. 27:1).

**3rd Eye** - Intuition located in frontal lobe; this is the place of the Seal of the Almighty, or the Mark of the Beast? (Ezek. 8:12-9:4, Rev. 7:2-3, & 13:16-17).

**Magic** – An illusion, or "sight of hand trick" always used to deceive or corrupt. (Isa. 8:19-20, Acts 16:16, Gen. 41:8, Exod. 9:11, Dan. 1:20, 2:27-28, Rev. 21:8).

**Chinese Sorcery** - The use of paranormal power gained from assistance or control of evil spirits, to conjure, or control elements, spiritual alchemy, *pharmakia* (pharmacy). (Acts 8:11, Deut. 18:9-12, Isa. 47:9-12, Rev. 9:21 & 18:23). The Greek word for **sorcery** (3095, 3096, 3097 & 5331) is = “a magician or oriental scientist”. It's not coincidence that Qigong, and other practices of Traditional Chinese Medicine are today being called “science”.

**Isa. 47:12-13** “So for now, keep on with your powerful spells and your many occult practices; from childhood you have been working at them; maybe they will do you some good, maybe you will inspire terror! 13 You are worn out with all your consultations — so let the astrologers and stargazers, the monthly horoscope-makers, come forward now and save you from the things that will come upon you!”

**The Principles of Yin/Yang** –The Taoist doctrine of yin/yang has been adopted by the Buddhist, Hindu, New Age movement, and all Occultists. This deadly lie is even infiltrating every aspect of our modern western culture. The basic teaching of “Tao” or yin/yang is that light cannot exist without darkness, that positive cannot exist without negative, and that good cannot exist without evil.

**The principle of yin/yang states that all things, good and evil are part of “Tao”.** “Tao” is supposedly the highest “force” and god of the universe according to these deceived participants. This “universal energy”, force, or spirit, is symbolized by the Chinese yin/yang. This symbol reveals the very nature of the “god” they serve. The doctrine of Taoism teaches that light is equal with darkness, positive is equal with negative, that good and evil are in reality the same, and that all things are “truth”, based on how you view them.

Eastern religions teach that all things extend from, and return to this force or spirit called “tao”. Therefore all things **good and bad** are part of this “universal energy”. Since they emanate and proceed from “tao” and tao is considered to be god, and dwells within them, **all things are said to have divinity within themselves**. Therefore nothing can be called “evil”, since it has “god” within, and is “divine” itself, by nature. This ideology erases all absolutes. A Hamster running in a wheel in his cage, is a good example of how stupid this is.

This is the very same same lie, which are first parents were told by the serpent in the

garden of Eden. **Gen. 3:4-5** *"your eyes shall be opened, and ye shall be as gods"* Taoism teaches that angels and demons are therefore just opposite sides of higher levels of energy, or intelligence in the universe. They teach that we as mortal human beings can through meditation, and "spiritual exercises" achieve the final evolution, and become like them; gods in the universe!

This is the very doctrine which Alister Crowley, an infamous occultist, rock n' roll icon, and idol taught his disciples. *"Do as thou wilt shall be the whole of the law"*. He is known, even by secular sources as the most evil man of the 20th century!

We as born again set-apart torah Believers, are thought of as bigots because we judge that something is right or wrong, good or evil, based on the Word of the Almighty. Taoism states; that nothing in and of itself can be good or bad, but rather it is only by the way in which it is used. They think that all things are acceptable in moderation, and when kept in balance. For example: homosexuality is not a "bad" or "evil" thing, it just must be kept in balance with other aspects of society, and within one's own lifestyle. Taoism teaches that male = yang and female = yin. If you are a male in a relationship with another male lover, since the yin portion of your life is lacking, you must seek to achieve balance by eating more yin herbs and foods, by wearing more yin (feminine) colors and clothing.

The Bible declares, **John 8:44** *"The devil is a liar, and the father (originator) of all lies!"* The Word of the Almighty says; **John 3:16** *that Yehovah so loved this world, He sent His only begotten Son, Yeshua to pay the penalty for all of our sins; and bought us back; redeeming us from the cruel bondage of slavery and sin".* **Luke 4:18** *"The Spirit of ADONAI is upon me; therefore he has anointed me to announce Good News to the poor; he has sent me to proclaim freedom for the imprisoned and renewed sight for the blind, to release those who have been crushed,"*. He came to set the captives FREE !

**1John 1:9** *"If we acknowledge our sins, then, since He is trustworthy and just, He will forgive them and purify us from all wrongdoing".*

**What is the origin of the martial arts religion?**

It all began in the Garden of Eden when the snake convinced Eve to take a bite of the forbidden fruit.

The religions of China, India, Okinawa and Japan have been cleverly repack-aged in the west as "Family Fun", Physical Fitness, Self-defence, Self-improvement, and Self-esteem.

**Are the Martial Arts based purely on physical prowess and philosophy, or are they a religion?**

They are religions.

**The dragon, phoenix, and the tiger represent the devil, yet they adorn the traditional martial art schools, why is that?**

The answer is clear, they are symbols of the devil they serve.

**Why do the students bow when they enter the judo dojo, and before addressing an instructor?**

They do so to give reverence to these masters who represent Satan in his many colored suits. Most people think the bowing down, in martial arts ceremonies, is a sign of humility or reverence to the other person, but this is far from the truth. In most organizations, after each training session, the martial arts teacher and the students will bow down to what is called a "god-shelf". Students are trained to spend time meditating on the god images on the shelf. These god images are demons. In fact these people are bowing down, giving reverence to demons. Anyone who has succeeded in receiving the black belt knows that they are using "powers" of some sort. Most Orientals understand clearly the evil force they are drawing power from, but westerners are very naive about this truth.

**Who are the men, the images, the pictures and the symbols to which these martial artists show such adoration and reverence?**

They are tools, various types of demonic vessels used to transmit the energy of the dark side.

**Have you ever wondered why students are often required to remove their shoes upon entering the training floor?**

This is the counterfeit, the exact opposite of what is revealed in Acts 7:33 in regards to "Holy Ground".

**Acts 7:33** *"but Yahveh said to him, 'take off the sandals from your feet, for the place on which you are standing is holy ground.'"*

Mankind is being initiated into a global false religion through eastern mysticism, Buddhist philosophy, yoga and the martial arts.

**Summary**

People who delve in Martial Arts give reverence to the demon of "violence" without knowing it. The goal of all those who start out in Yoga, magic, metaphysics, etc. has and always will be "ego" and self-gratification. This love of ego, pride, etc., is exactly what got Lucifer thrown out of Heaven. It is the essence of what Satan feeds on in the general public. People who want to be better than everyone else, walk right into the trap of Satan's best enticement, pride in ones-self. Self-pride goes against everything the Holy Bible stands for. This is the god of "SELF".

Today, Martial Arts schools, Yoga classes, and Tai-chi seminars have become main-stream in almost every home. No longer are these eastern mystical practices considered esoteric, or reserved for only a chosen

few. Everywhere we can see the steady spread and influence of these once classified and secret arts.

Children, ages 5 to 12 are being shuttled to after-school programs at the local karate dojo, or Tae-kwon-do club. Athletes in high school and college programs are being encouraged to en-roll and participate in various styles of so-called "**self-defence**" in order to increase heightened physical power and mental awareness. House wives and soccer moms are retreating to local Tai-chi and Yoga studios, with the promise of revitalizing their youth, increasing flexibility, and regaining health and 'personal empowerment'.

Business professionals and executives are being trained in eastern philosophies, through internal arts such as Aikido, and Qigong, for 'stronger focus,' business strategy, and "stress management". With more than 30,000 martial art schools across the USA alone, and new studios opening every year; training 20 million practitioners; is it any surprise at the swelling tide of eastern religion and new age thought we are seeing flood the world.

It is the devil's work, and he has billions of fools caught in his web of deception and lies. He is the master puppeteer that we have been warned about for thousands of years, yet almost everyone has drank of his Kool-aid. They have taken a bite from the forbidden fruit of the Tree of Knowledge established in the Garden of Eden.
