

PALESTINIANS

The whole concept of Palestinian people is an invented thing. There never has been a Palestinian people or a land of Palestine. There has never been a Palestinian coin in history. There are no ancient Palestinian relics, or textbooks. The name itself is not even Arabic.

Palestine comes from the word "Philistinia" which was where the Philistines were from. The Philistines were enemies of Israel and the Romans took that name and called the whole land Palestine just to aggravate the Jews. The Romans knew the Philistines and Jews were arch enemies for a long long time. Philistines were "**invaders of the land**", that is what the word Philistine means. "A person who is lacking in or hostile or smugly indifferent to cultural values, intellectual pursuits, aesthetic refinement, etc., or is contentedly commonplace in ideas and tastes". The Philistines were not even indigenous to the land.

Palestinian is a term Yasar Arafat made up in the 1960's. Before Arafat's made up name those people were just a bunch of Arabs living in the land. Arafat made up this lie about the existence of a Palestinian people and the whole world bought into it. There is no historical truth to any of what Arafat said, it was a lie from the very beginning. Palestinians are all Jewish Arabs biologically.

The whole problem of the so-called Palestinians and Israelis in the mid east is about Esau and Jacob. Jacob (Israel) ended up with the greater blessings and the children of Esau are still out to try and steal the blessings back from Jacob's descendants.

HAMAS TERRORIST ATTACK ON ISREAL FROM GAZA AS OF OCT. 7/2023.

YOU WOULD BE SURPRISED TO KNOW WHO SUPPORTS THE PALESTINIAN TERRORISTS

Hamas is the acronym for Harakat al-Muqawama al-Islamiya (Islamic Resistance Movement) Of the 193 member states of the United Nations, 138 (71%) recognized the State of Palestine as of July 31/2019. This reveals just how obviously anti-Semitic the United Nations is.

Believe it or not, there are still countries that do not recognize the creation of the Nation of Israel: North Korea, Venezuela, all West Asian countries, and all the states from the Arab league.

Iran has been supporting Hamas for many years. The Iranian regime is totally different then the Iranian people. **The stated written view of Iran is to eliminate Jews everywhere, and destroy Israel.** That is the exact same stated view of Hamas. **This view States to eliminate Jews wherever they are, not just in Israel. So no-matter where Jews live, it is the duty of Hamas to destroy them.**

UNITED NATIONS (UNRRA) "United Nations Relief and Rehabilitation Administration"

The US, Canada, and many other United Nations members (One World Order), support the Iranian's (Hamas) with millions of dollars. The money flows through to Hamas through the "United Nations Relief and Rehabilitation Administration" (UNRRA) which is not monitored by anyone. Through this organization Hamas is financially supported for food, weapons, economic aid, jobs, construction, infrastructure, utilities, radical education (school materials), political opportunities, etc. They can use this money in any way they desire.

Its budget exceeds 365 million and is funded by many nations, but the United States, Canada, and other Western nations are the largest contributors.

UNITED NATION (UNRWA) (United Nations Relief and Works Agency for Palestine Refugees in the Near East)

UNRWA is an acronym for (United Nations Relief and Works Agency for Palestine Refugees in the Near East) is a subsidiary organ of the UN formed by the UN in 1949. It operates in five areas. It includes the countries of: Jordan, Lebanon, Syria, the Gaza Strip, and Judea (incorrectly called the West Bank), including East Jerusalem. For example; in schools under Palestinian control they children have texts and comic books that say that the best thing a Palestinian can do is to stab a Jew, or behead a Jew. It has recently been revealed that 46 known terrorist operatives have been educated under this horrible education system, and the number keeps growing. The New York Times in 2000, exposed that the UNRWA allowed terrorist groups to use their schools as "summer camps" so that 25,000 Palestinian children could receive paramilitary training, including instructions on how to prepare Molotov cocktails and roadside bombs.

The Palestinian people have almost no food, water, medical aid or facilities, housing, basic necessities of life, yet Hamas have everything imaginable at their discretion. This system needs to have an organization monitoring all these millions of dollars so that the money does not go into the hands of all these terrorists. Money also flows through Hezbollah in the northern part of Israel, through Iran and Lebanon.

Why would any Nation send money to an organization that states proudly that their goal is to destroy all Jews everywhere in the world. Does this sound familiar?

THE TUNNEL SYSTEMS

The cowardly Hamas have their command posts underground, hidden in plain sight if you know where to look. Some of these monsters have command centres under Hospitals so they are protected from bombs. These Hospitals that complain and say they are afraid they may run out of fuel for their generators, are lying through their teeth. Hamas has millions of gallons of fuel hidden underground under hospitals and other safe places. That is why Israel is not allowing fuel to be transported into Gaza. The fuel would just be confiscated by the monsters and used for their military if it were allowed in. There are miles of tunnel systems underground for the cowardly terrorist Hamas to hide in. Many of the tunnel systems underground in Gaza are totally air-conditioned, compliments of the money given by many Nations of the world. This is truly a sad reality.

HOMEMADE ROCKETS

In order to make their own rockets, Hamas have actually dig up the underground steel water-lines provided by these Nations through the UN, and used them to build their own rockets. Hamas has videos online showing exactly how they do this. Imagine dismantling the water lines that provide such a valuable asset to all the people being destroyed and using it for rockets, yet the people living there allow this to happen. These same people then complain about the supplies Israel sends them not providing enough.

The Iranian's are afraid of the Abraham Accord which has been very useful recently in getting Arabs and Jews back together in a way never seen before. They are afraid that some people will want to make peace with the Jews rather than destroy them, so they are supporting Hamas now to stop this peace process. It has done exactly that.

The people living in Palestine claim they are innocent, and the whole world has swallowed that lie from the pit of Hell. There is no way these people don't know what's going on all around them in this small piece of land. Hamas has been controlling Gaza in every way, with police, military, and politically, for sixteen years as of 2023, the people know who is in control, yet they live there on purpose. They are NOT INNOCENT, they are driving the get away car for the Hamas bank robbers. Their children may be innocent, but that lies on the heads of the parents who live there, not on the Israeli Defence Forces who's job it is to destroy this Satanic enemy wherever it may be hold up. These cockroaches must be wiped off the face of the earth once and for all. They are Satans children.

Believe it or not, every year Palestinian Day is observed on the second Friday of December. This day is as obviously satanic as Halloween.
