

## SOUL TIES, SOUL POWER CONNECTION

When people share sex they automatically establish what is called a "soul tie". The moment they have intercourse, their physical body and their souls are tied together in the spiritual realm. This is why you hear stories about individuals that once had an affair, meeting somewhere unintentionally, and automatically ending up in bed together as if drawn by a magnet. That is why intercourse is the most incredible experience one can have in the physical realm. It is a spiritual tie that remains for a life-time unless it is officially renounced. Prayer is the only way a soul tie can be made null and void. Another dominant experience in the soul realm that can be experienced by humans is lust, commonly referred to as love. It is always associated with sex.

Few realize that when sharing ones body and soul in intercourse, the demons can transfer from one to another, and maybe even maintain a demonic link of types during their lifetime. You can imagine what happens when prostitutes and their John's have their perverted sexual encounters. Anyone who has intercourse with that women will share the demons that women has taken in through her perverted sexual encounters. The most common demons that are shared are no doubt the sexual perverse demons of incubus, and succubus. Because sexual perversity is Satan's favorite addiction, these demons take total control over the whore and all her cohorts. These demons will perform sex with these people when-ever and where-ever they want. That is the price these perverts pay for their filthy sexual encounters, which usually involve witchcraft in one form or another. In extreme cases these demons of incubus and succubus will control their subjects, and the subject becomes a walking talking demon in human form with only one thing on its mind 24/7. These: perverts, homosexuals, guys, lesbians, transvestites, queers, dikes, LGBTQ+, sub-humans, all end up with those incubus and succubus demons controlling their lives in almost every way. We all know of both men and women who fit in this category, there have been well documented cases of many famous people who have been involved in this prostitution and pornographic industry all over the world.

Soul ties can also occur when, for example: childhood playmates or best friends have spent much time together. Those who have an incredible connection together because of shared situations, usually good, can also experience a closeness that cannot be explained, it just exists. "Friends for life" is the common term used for people in situations like this.

Another example of how soul ties occur is that of twins or triplets. We have all heard the stories of incredible connections that simply cannot be explained between twins. For some unexplainable reason they have the ability to connect in what we call another dimension in circumstances that are very unique. Their ties are created in the womb when they are tied together prior to birth. Twins are usually very close friends for life, they seem to automatically establish soul ties without even knowing it.

The worst known soul ties are created in Satanic covens when a man and women are chosen to be married in the world of the Brotherhood. They are Satan's partners for life in a similar manner to common marriage vows. The soul ties are forever, and if one quits a coven, the other is not permitted to have sex with another until he or she dies. Their soul ties are usually for life because they dedicate themselves to Lucifer in their rituals and shared rituals and sacrifices where blood, or blood oaths are involved. In the Brotherhood, those who get the greatest amount of power are those who give up the most in their lives. This obviously includes being a bride of Satan and a husband of Satan's bride. The only thing more powerful in the occult world of witches and warlocks is when they sacrifice one of their own children. That is the ultimate power grab available to any witch or warlock.

Sometimes, if for example a male witch is dissatisfied with his bride of Satan coven sex mate/partner, he will have her name drawn for a living sacrifice. Those sacrifices include real human and animal blood, hearts, tails, intestines, thigh bones, etc. That is the only way coven dedicated husbands and bride mates of Satan can be separated. In the covens it is considered a great honor to have your name drawn for this purpose, it only happens once. In this case, usually during Halloween, that witch will be a living sacrifice dying to give honor to herself and her partner for the last time, to her master satan. Generally speaking, being sacrificed in such a way is one of only a few ways a coven member can leave the coven. Covens are a life-long commitment for those who are willing to give their all for the demonic power they receive for what-ever purpose that may be.

## CURSES FROM SOUL TIES

**Sinful acts or habits:** If you persist in perverse sinful habits that you know are bad, such as, sexual explicit movies, pornography, etc., sooner or later these habits can become demonic. E.g.. If you continuously watch X- rated movies, the demon of lust will likely enter you. Unless you stop this activity, the demon will not go away. (1Cor. 5:5) "Sex sells," isn't an advertising slogan born on Wall Street; it's an epigram conceived in the depths of hell based on temptations of the flesh. Our works of the flesh must be dealt with by repentance, forgiveness, and self discipline, like Paul said in (Gal. 5:19-21 and 1Cor. 3:5-9) If we don't deal with them they become demonic strongholds. As mentioned previously, **during sex, demons are transferred, so anyone who has had sex with a stranger, may have taken on more than he bargained for, especially if it was a prostitute.**

It is absolutely necessary for all Believers to understand that they have a spirit. It is our spirit that allows communication with Yahveh. If you don't understand your own spirit, then how is it possible to commune with Yahveh? If we don't learn to discern between our soul and our spirit leading us, we will never get into the fullness of the spirit realm of Yahveh available to us, and we may be caught up in the commonly known "mixing of spirits, and soul power". There are numerous scriptures that talk about our inner spirit. The following are a few: 1Cor. 2:11, 5:4, 14:14, 14:32, Rom. 8:6, Prov. 25:27, Hebr. 12:23, Zech. 12:1, etc.

## SOUL POWER CONNECTION

The things that are part of our human life, such as thinking and speaking, are incredible assets, but the

"**soul power**" within us is untapped. Various occults, religions (such as parapsychology and Satanism, etc.), have proven that the power of the soul can be released by various methods. These artificially induced methods may include hypnotism, neurology, psychometry, and numberless other occult practices. By miraculously manipulating these strange phenomena, religions, and sciences have been created. Psychologists declare that within man is a tremendous array of power: the power of self-control, creative power, reconstructive power, the power of faith, the power of quickening, the power of revivification. These powers of the soul can all be released by man. Many psychologists proclaim that, "all human's are god's", that, "god is imprisoned in us". Many claim that by releasing the god within us we all become god's. These are words taken right out of Satan's mouth. Psychology is "the science of soul power".

Soul power is what the New Age and Eastern Cults use to conger up miracles by astral projection, channeling, remote viewing, apportioning, etc.. Hindu's use soul power to see things of the future. They use the forces of soul rather than spirit. Adept people

can consciously see the minds of others. An adept person can act with his soul force on external spirits. He can accelerate the growth of plants and quench fire; and, like Daniel, subdue ferocious animals. An adept person can transport his soul to a distant place (astral projection), and there read the thoughts of others as well as speak to and touch distant objects. He can even exhibit his spiritual body to friends and relatives in the exact likeness of his own body at a distance. He can even create the likeness of any physical object out of nowhere and command physical objects to come into his presence. Back in Biblical times when Aaron turned his staff into a snake, magicians duplicated his miracle with this same soul energy; witchcraft.

At the time of Adams fall, Elohim had not withdrawn his "supernatural power" from him, but had it fall within. It became imprisoned in his body and couldn't be expressed. The things that are part of our human life, such as thinking and speaking, are incredible assets, but the soul power within us is untapped.

Yah never works with man's soul power. When we are "born again," we are born of Elohim's Spirit. Yah works by His Holy Spirit through our renewed spirit. Yahveh doesn't want or have anything to do with soul power. Since the fall, Ha Shem forbid man to use his soul power. This is the reason Yah declares that we need to lose our soul life, that is, our soul power. That is not to say that all the wonders performed around the world are soulish; it just means that we as Believers must be very careful in this last age to discern the phenomena taking place around us. We must be sure the energy being used to create these phenomena isn't the energy of the latent soul, whether or not it is intentional.

Most curses from mankind receive their power from the "latent power of man's soul". This, "inner soul power", is to be lead by the spirit of man, when it isn't, many strange things can occur. This power is only to be directed by the Holy Spirit, through man's spirit, or it is dangerous. In days of old, the Biblical Prophets and other great leaders, proclaimed curses with the approval and guidance of Adonai. Yahveh was the one who determined whether or not He would grant their taking place. They relied entirely on Yah's power and authority as to whether or not they were properly directed. They didn't try to use their psychic energy.

Satan is now manipulating this soul power to serve as a substitute for Yah's gospel and its power. Wherever there is soul power and the power of suggestion, there is the evil spirit. (Rom. 7:21-23)

Soulish wisdom becomes "devilish/demonic" **James 3:15** ***"This wisdom is not that which comes down from above, but is earthly, natural, demonic."***

Elohim's Spirit works in man through the human spirit, but now Satan forges in man's soul many phenomena manifestations similar to those of the Holy Spirit. This causes man to experience false regeneration, false joy, false salvation, false revival, false repentance, and other counterfeits of Holy Spirit experiences. Again Satan will imitate Yah, he will use man's soul as his tool for his final rebellion against Ha Shem in the last days. **2Ths. 2:7-11** ***"For the mystery of lawlessness is already at work; only he who now restrains {will do so} until he is taken out of the way. And then that lawless one will be revealed whom***

*Adonai will slay with the breath of His mouth and bring to an end by the appearance of His coming; {that is,} the one whose coming is in accord with the activity of Satan, with all power and signs and false wonders, and with all the deception of wickedness for those who perish, because they did not receive the love of the truth so as to be saved. And for this reason **Yahveh will send upon them a deluding influence so that they might believe what is false,*** Notice in this verse it says “Yahveh” will send them deluding influences. Like the cliché says “If you resist Yahveh long enough He will assist you in resisting Him”.

The famous Azuzu Street counterfeit Ruach Ha Kodesh (Holy Spirit), movement back in 1906 is a perfect example of mass hysteria of a demonic nature presented as Holy. Another Christian lie from the Pit of Hell. The charismatic groups will be and are already, the first ones deceived when the anti-Messiah comes because they have come to accept that all supernatural power comes from Ha Shem. Satan will destroy them by the millions because they are easily deceived. Many of them have forgotten that not all signs and wonders are from Yahveh. They have been tricked by many false signs and wonders they have been seeing in their own churches. They don't know how to test the spirits, because the spirits are mixed, and the people aren't holy.

The psychic force of our soul will not profit anyone, so we must be careful not to use it, for it cannot help people. It in fact hinders Yah's work. We must lay down our soul power. All that is of the soul is of no avail. Although the soul is alive, it has no way to make others live.

**John 12:24-25** *“Truly, truly, I say to you, unless a grain of wheat falls into the earth and dies, it remains by itself alone; but if it dies, it bears much fruit. “He who loves his **life** loses it; and he who hates his **life** in this world shall keep it to life eternal.”* In this passage the word “life” in Greek is referring to the “soul life”. Simply stated, it means that, “whosoever desires to preserve his soul life shall lose his soul life; but whosoever loses his soul life shall keep his soul life to eternity”. If the Believer doesn't put aside his soul life, his spirit can't do the work required to profit other people. Like a grain of wheat, our soul can't produce fruit. Our spirit is the only thing that is life giving to others.

In **1Sam. 6:7** *“Yahveh sees not as a man sees, for man looks at the outward appearance, but Adonai looks at the heart”*

Everything we do is guided by the decision of our soul, either “I will” or “I won't”. The amount that our soul influences us to make these decisions, is our personality. Our spirit (if born again) influences our soul's decisions. **Our spirit and soul come together at our heart, (where love is), and there the decision is made, according to the dominant influence.**

Most people don't realize they have a spirit, until they are baptized in the Holy Spirit, because their spirit is imprisoned until then.

Demonic forces are always trying to influence our body and soul to do something wrong, like watch bad TV programs, swearing, taking drugs etc.. If we allow the bad influence to turn into something we do, it becomes a sin. After it becomes a sin, Satan may have a legal right to get a demon inside our body, in our soul, or mind. This influence then becomes part of our personality. Then the demon spirit will continually influence our thought patterns pertaining to its particular area, e.g.. lust, fear etc.. This inner voice is what most people call our “conscience”. It is either the Holy Spirit leading us to do what is right and proper, or an evil spirit leading us to do what we know is not morally correct or acceptable. **Rom. 8:8 “Those who are in the flesh cannot please Yahveh.”**

If we desire Adonai to work through us, we must ask Him to bind our soul life; otherwise he is not free to work.

Our soul is not protected by the armor of Yah, (Eph. 6), just our spirit.

Non stop laughing experienced by some church people for example, is frequently thought of as from the Holy Spirit, but is from the soul, demonic.

The following is a simple way to test if the manifestations in a situation are controlled by soul power or not. Simply take the physical manifestations taking place and multiply them by one hundred. If it remains Holy, it is spiritual, if not, it is the counterfeit soul power.

Soul power is often used at large revival meetings. Thousands of people are focusing their energy on

one person and they sing in one direction, which generates tremendous momentary soul power that can be confused with the power of Elohim's Spirit. The speaker may have come to influence the crowd with Holy Spirit lead teaching, but because of the concentration of power directed at him, he may end up being influenced by their soul power. While listening to a sermon in a huge building, if you pay close attention, you can sense almost immediately if the speaker is using the Holy Spirit to guide him, or the power of the souls gathered there. If there is something present there that seems "too good to be true", beware, because this may not be from the Holy Spirit. It may be the counterfeit! If the power comes from Ha Shem you will be clear headed, with little emotion, for the Ruach Ha Kodesh (Holy Spirit), doesn't play on emotions. Through practice, one must discern the difference between the two forces, so as not to be among the elect that will be, and are being deceived. Simply ask Adonai to give you the ability to discern, He will be more than happy to assist you (if you are Baptized in the Holy Spirit), in your endeavor to be divinely lead.

The powers displayed in Hinduism are not fake, some are genuine. Some Hindus can walk on fire without being scorched. It is real! Sometimes they walk on fire for long distances, then crushed glass, then lay on a bed of nails, etc.. This ability of the soul is real, and it clearly exists for those who insist on using it against the will of Yah. This is a matter of the development of psychic power. It is disastrous for Believers to perform wonders with the same demonic power which the Hindus have access to.

All psychological forces are governed by physiological forces. Satan's objective is to liberate man's soul power through the breakdown of his outer shell, so his soul power can be free and manifest.

The meditations of many people are simply a kind of psychic operation. This is not the situation in the case of Believers. Believers do not need to meditate on Yahveh, for we already have Yahveh in us. We are to meditate only on the living Word of Yahveh, so the "rhema" can take place. Regardless of what our feelings may be, we know Yahveh in our intuition; we have within us an intuitive guidance to the knowledge of Yahveh. In addition to this, we have the living Word of Yahveh. We don't need to meditate for hours on our inner selves, like the New Agers do to create soul power, we need only to think and follow Yah to feel peaceful and whole, for we believe what the Word of Yah says. As Believers, we believe we have faith, and we can disregard feelings lead by the soul. We need only to ask Yah to help us discern between the divinely inspired revelations and the soul force, (journaling), revelations we receive. Here lies a basic difference between the Believers faith and the religion of psychology.

Before the spirit achieves its rightful place of pre-eminence, it is challenged persistently by the soul. While the spirit strives to gain freedom and dominion, the soul power is constantly exerted, trying to overpower the leading of the spirit.

### **TRANSMITTING/RECEIVING**

Witches are capable of transmitting energy (usually soul power), and receiving energy, depending on any given situation. They do so in the same way radio waves are transmitted to someone, something, or transmitted from somewhere to someone or something with a receiver. You will often see witches in the front of the godless Pentecostal type christian churches during the praise and worship service at the beginning of any church get-together. Witches are praising their lord, satan, in these services in the same way true worshipers praise the Holy One of Israel. Witches raise their hands high up front and forward with their fingers spread wide apart. A normal Believer may do a very similar thing while truly Praising the Almighty, but not with their fingers spread wide apart, that's simply not a natural act. This is one of the easiest ways to tell the difference between two women who are supposedly praising and worshipping their God. Witches are receiving signals from their master through their hands/fingers just as an antenna does, where-as a true Believer may be simply expressing their love for the Almighty by the raising of their "holy hands".

Hence, we have two trees to chose from: the tree of life (being lead by the spirit of Torah), or the tree of knowledge of good and evil, (being lead by our soulish nature). If we chose to be lead by our soulish nature, our spiritual side will be suppressed accordingly. On the one hand, Yah is trying to bring us to the place where we live by the life of His Son. On the other hand, He is working in a direct manner on our hearts, to overthrow and undo the other natural resource that is the result of the fruit taken from the tree of knowledge. Mankind

was to have no reliance on himself, but because of Adam we got possession of an inherent soul power, a power by which we became independent of Yah, which then lead us directly into the outstretched arms of Yah's worthiest opponent. Mankind has too often been caused to think, act, decide, and to use his inner power without the approval of Abba. There are numerous Believers today that have over-developed souls and use this soul power to go places man ought not to go. These people have grown fat-headed and too big for their britches. By doing this, using man's inner soul power instead of spirit power, the life of Yeshua in us, is almost crowded out of us. Adonai, had something to say to us about using power of the flesh, He described it in terms that are not very palatable. **John 3:6** *"That which is born of the flesh is flesh, and that which is born of the Spirit is spirit."* Meaning that things of the flesh only bring glory to man, not Yah. Far too many have changed the direction of where their energies are directed, but they have not changed the source of those energies. To understand this properly we must recognize and acknowledge that there is a big difference between spiritual gifts, and natural soulish gifts. The things that we manage to do without prayer, supplication and obedience to Yahveh, come from the natural life that is in the flesh within us. These are natural gifts, not spiritual.

Satan is now engaging his soul power to serve as a substitute for Yah's gospel and it's power. He tries to blind people's hearts, (through the marvel of soul force), into accepting a bloodless religion. He uses the discoveries of psychic sciences to cast doubt upon the value of supernatural occurrences and He does it in God's name. This causes people to consider the latter as "real," though it is nothing but the latent power of the soul. His aim is to substitute Messiah's salvation with psychic force. Hypnosis is the modern way of this objective taking place, it is a new attempt to change evil habits and bad temperaments by means of a soul force. We must always remember that where "soul force" is, there is the evil spirit.

Throughout thousands of years Satan has been exerting himself to influence men into expressing their hidden soul power. He has found person's whom have succeeded in drawing out their soul force and has made them wonder working religious leaders of all ages. His intention is to control all the soul power of mankind, and release it as he sees fit. Satan is attempting to finish his previously unsuccessful work done at the time of the fall.
